An open letter to the city gov department

***To day I come here,
What am I doing for? So called "hearing" ?
Listen to your bullshit lists and fabricated
bills for unpaid bills, and then judge me? The
Saint Paul city service department abuse
your power to oppress the people! Because of
your stressed over again and again, I
suffered great mental, mental and physical
damage. Sometimes I was so angry that I
could not breathe, eat or sleep. ..***

***Couldn't normal to live, unable think and
deal with problems !***

***I am a retired university professor,
I appreciate of nice beauty things, I am clean,
have their own personality norms, living***

standards. Sincerely treat people and work, willing to help others, dare to stick to what they think is right, never bully the weak, dare to face the evil forces, advocate the power of justice and the values of fairness and justice.

In my heart, the United States has a perfect and orderly social management system, majesty laws and regulations.

Therefore, I believe that the fairness of American law and the power of justice are the values of mainstream social groups!

I always believe that justice sometimes comes late, but he is never absent!

1. On 11/2018, I bought this house located 384 Lawson E Saint paul, Due to my lack of experience, I was deceived by the Agent and Inspector into buying this house with serious conditions. Replace all decaying basement beams and pillars, decaying Windows and nearly broken wall foundations and rebuild the surrounding foundations!

These cost \$50,000! Which I kept thousands of photos as historical evidence!

2. On 24/10/2023, I flew to America from China, opened the door, I was shocked 😱 my home was burgled! I called 911 right away. The house was a mess! Everything of value was looted... .. Door was pried, garage door was smashed....

3. A few days later, when I returned to my home again, I found that the gas pipe in the basement was damaged and not connected. I just learned that in March 2021, the insurance company paid \$34.000 insurance claims, and the agent and contractor cheated me fraudulent all insurance claims, closed off gas and water sluice gates, nothing work on the property projects cases at all!

4. All kinds of bogus "bills "from the Ramsey City service management department: garbage, water, property taxes... . Well, I haven't been in the United States for 5 years, and I wondered: How did this \$4,000 plus garbage bill come from? ! And this \$4,000 plus about the city management "bill"! ? OMG! All that the "arrears" and "bills" are maliciously amplified and fabricated!! But didn't cut weeds! With a few silly boards over the stolen and damaged garage and back doors, called "city fees"? !

Who want you did it? what you did for my house??!! Compensate for that you guys are messing with my property !

As we seen that the lawson area in Saint Paul is the wrost dirty, messy and bad area environment! Snow on the roads in winter is never managed and no trees are planted without any Garden greening landscape, but

weeds are overgrown, even street aren't installed lights , it is dark environment, and there is no monitoring equipment installed! Living in such the poor security and bad live environments, people couldn't have good and safety environment, but it is just good for thieves, burglars in criminal against in law here!

As the city service management department of Saint Paul before amount of penalty on residents but what you did on Safety facility or any about the landscaping design in lawson area??? We live in such poor messy dirty without any safety devices environmental! It is because of the negligence of the city management that we live in such a terrible environment, how can you fine the residents?

On the other hands, It is just as that you did not install any security facilities, creating

opportunities for lawbreakers!resulting in the huge loss of my property today! whyThese burglars disregard the majesty of the law! Why dare to enter into the crime of theft so unbridledly ?

As the city management department, don't you think it is your inescapable responsibility to improve the safety measures of the residents' living environment?

I suffered too much.....I am homeless, my home there are no Gas no water, I have to lived a low price hotel, now I rented apartment, but I have any income It cost to much money.... I real need to get a job, but during the hard time, Even I couldn't normal livening or thinking.....and I can't selling my property with lots of trouble!

It was from the bad realtor, inspector cheating me bought the rotted condition property; the Ramsey city gov departments Fudge fakes bills, and then Liquidate my estate; the insurance claims

fraudulent; the burglar..... Why all people are so ferocious and cruel to plunder,rob my poor property? ?

Who will pay for the tremendous physical and mental trauma and financial loss I have suffered? ! Who tell me?!

I always believe that justice sometimes comes late, but he is never absent!

Hi Mai Vang,

Yes I got it! I wish I will talk to more about Ramsey city services management on charges bills issues.

Sincerely

Ye
