Re: The Heights Blocks 3 & 4 preliminary platting.

On January 3, the Greater East Side/District 2 Community Council voted to support the application from St Paul Port Authority for the Heights Development subdivision of Block 3 and Block 4.

Overall, the committee is very excited about the project and looks forward to working with the St Paul Port Authority and designated developers to bring much needed affordable housing and jobs to our neighborhood.

Please feel free to reach out to me with any questions or concerns.

Thank you,

Lisa Theis
Executive Director
