FILE NAME: 964 Payne – RezoneFILE #: 24-013-570APPLICANT: Donalds, Inc.HEARING DATE: March 7, 2024TYPE OF APPLICATION: RezoneLOCATION: NE corner of Payne Avenue and Case AvenuePIN & LEGAL DESCRIPTION: 29-29-22-13-0187; 40-49 S. ft of Lots 16,17,18 & all of Lot 19,
Blk.17, Arlington Hills AdditionPLANNING DISTRICT: 5PRESENT ZONING: B2/H2ZONING CODE REFERENCE: § 61.801(b)STAFF REPORT DATE: February 29, 2024BY: Chris Hong
60 DAY DEADLINE FOR ACTION: April 1, 2024

- A. **PURPOSE:** Rezone from H2 residential to B2 community business.
- B. **PARCEL SIZE:** 10,454 sq. ft.
- C. EXISTING LAND USE: Parking lot

D. SURROUNDING LAND USE:

North: Office building, general retail (B2)

East: Duplex (H2)

South: Office building, general retail, parking lot (B2)

West: Office building, general retail (B2)

- E. **ZONING CODE CITATION:** §61.801(b) provides for changes to the zoning of property initiated by the property owner. §63.303 lists the standards for the locations of parking spaces in relation to the buildings they are intended to serve. §69.508 lists the general requirements and design standards of lots.
- F. HISTORY/DISCUSSION: The parcel is split-zoned H2 and B2 (Attachment 2). The B2 portion of the parcel has been zoned B2 for its entire documented zoning history starting approximately in 1979 (Attachment 3). The H2 portion of the parcel had been zoned RT-1 for its entire documented zoning history until November 2023 with the passage of Ordinance 23-43, which eliminated the RT-1 zoning district. A plat book from 1928 (Attachment 4) and historic aerial photographs indicate that the subject parcel were once separate parcels and contained buildings. At some point after 1928, the buildings were removed for reasons unknown, and the parcel was merged. While it is not known when the parcel was converted, aerial photos show that the parcel was used for a parking lot since 1985.

In December of 2023, the Applicant applied for an administrative lot split on in order to facilitate future changes in ownership. The Department of Safety and Inspections notified the Applicant that the parcel must be rezoned in order to be split (Finding 2).

G. **DISTRICT COUNCIL RECOMMENDATION:** Payne Phalen Community Council recommends approval of the rezoning.

H. FINDINGS:

- 1. The subject parcel is split-zoned B2 and H2. The existing land use is a parking lot, which serves the general retail stores at 972 and 968 Payne Avenue. These two stores are within the B2 zoning district.
- 2. In December 2023, the Applicant requested that the subject parcel be split. The requested

lot split would result in a parking lot in an H2 district and a parking lot in a B2 district. Section 63.303 states that if off-street parking spaces are not on the same parcel as the building they are intended to serve, they must be in the same or a less restrictive zoning district. H2 is a more restrictive zoning district than B2, which means a parking lot on a parcel zoned H2 could not serve a building on a parcel zoned B2.

- 3. The Applicant is requesting the subject parcel be rezoned from H2 to B2 to allow the proposed lot split. There are no proposed development plans, but the rezoning and lot split would make future changes in ownership simpler.
- 4. The H2 portion of the parcel is legally non-conforming because this district does not allow parking facilities as a principal use. Allowing the lot split while maintaining the H2 zoning would require ceasing the use of the parking lot, which is logistically challenging. Developing the parcel for a residence would require significant pavement removal as paved parking spaces and driveways can only make up 15% of the parcel and there are few nonresidential uses permitted in H2. Not allowing the lot split would ensure that the parcel remain a parking lot unless it is redeveloped for a use that permitted in both H2 and B2 zoning districts: some congregate living developments (supportive housing, adult day care, etc.) and some institutional uses (churches, schools, libraries, etc.).
- 5. The proposed B2 zoning is consistent with the Comprehensive Plan. The 2040 Comprehensive Plan designates the future land use of this parcel as Mixed-Use and is within the Lawson-Payne-Wells Neighborhood Node. "The main distinguishing characteristic [of Mixed-Use areas] is a balance of jobs and housing within walking distance of one another." B2 districts are "generally characterized by a cluster of establishments generating large volumes of vehicular and pedestrian traffic." The B2 zoning district is more in line with the Mixed-Use designation as it allows for dense, clustered development and it allows most commercial uses as well as mixed residential and commercial buildings.

The intent of H2 districts is to provide for a "variety of housing options along with civic and institutional uses, public services and utilities that serve residents." This aligns with the allowable uses in H2, which includes very few commercial uses. The H2 zoning district for this parcel is not consistent with the Mixed-Use designation in the Comprehensive Plan.

Neighborhood Nodes are designated for "locations planned for higher-density, mixed-use development," which require the uses allowed by the B2 district.

While there are no immediate plans for development at the subject parcel, the lot split would allow for changes in ownership and commercial redevelopment in the future.

The following policies apply:

2040 Comprehensive Plan:

Policy LU-8. Ensure that zoning and infrastructure support environmentally and economically efficient, resilient land use development.

Policy LU-27. Provide for land use change and rezoning of land adjacent to Mixed-Use areas to allow for commercial redevelopment and/or expansion fronting arterial and collector streets.

Policy LU-30. Focus growth at Neighborhood Nodes using the following principles:

1. Increase density toward the center of the node and transition in scale to surrounding land uses.

Additionally, the City's Zoning Code and Zoning Map are implementation tools of the Comprehensive Plan. While the Comprehensive Plan does not specifically address split zoning, Section 69.508 in the Zoning Code prohibits them outright.

- 6. Court rulings have determined that "spot zoning" is illegal in Minnesota. Minnesota courts have stated that this term *"applies to zoning changes, typically limited to small plots of land, which establish a use classification inconsistent with the surrounding uses and create an island of nonconforming use within a larger zoned property.*" Rezoning to B2 would not be considered spot zoning because many of the adjacent parcels are zoned B2.
- I. **STAFF RECOMMENDATION:** Based on the above findings, staff recommends approval of the rezoning from H2 residential to B2 community business at 964 Payne Avenue.

Subject: RE: Zoning Case: 964 Payne

The lot in question (964 Payne) is split-zoned so part of it is zoned B2 (red) and part of it is zoned H2 (yellow). The property owner wants to do a lot split essentially along the zoning district line.

However, if a parking lot is on a separate parcel from the building it is intended to serve, the parking lot must be in a less restrictive zoning district than the building. If the lot is split, there would a parking lot in a B2 district and another parking lot in an H2 district. The buildings that are being served by the parking lots are in a B2 district. Because H2 is more restrictive than B2, it is not permitted to function as a parking lot serving the same buildings. The applicant is rezoning the parcel so the entire parcel is B2 and he can do his lot split.

Thanks for reaching out, Chris. I'm not sure if we need a call, I think I understand that this is a lot split. But maybe you could tell me why the property owners is doing this? Jack

Hello,

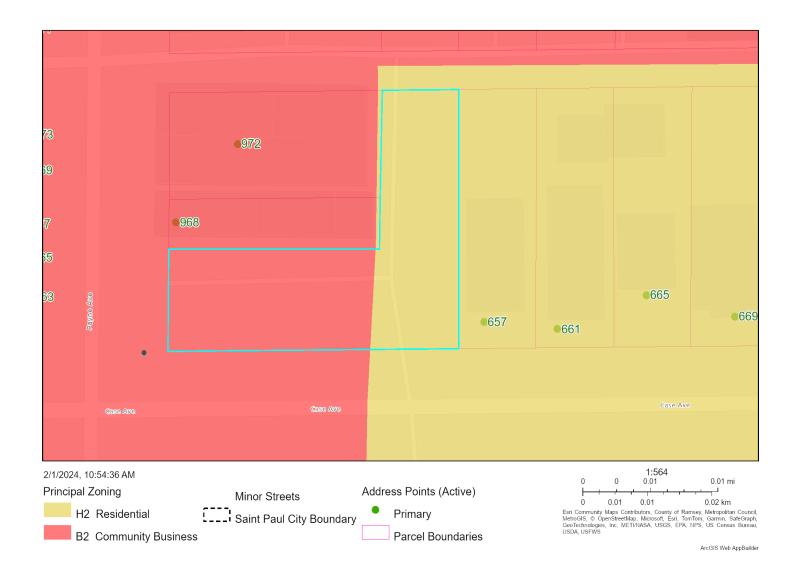

I am the planner working on the rezoning case on 964 Payne Avenue. Paul Dubriel had sent you the case information on January 12th. I wanted to get in touch to see if you had any questions or had an official recommendation to the Zoning Committee. I'd be happy to schedule a call to discuss the case if you'd like.

Thanks,
