

Xcel Energy, represented by Conrad A Miller, Senior Engineer has requested a sound level variance for construction and work using various pieces of equipment, including directional drilling equipment on the West and East sides of Interstate 35E to install a new 20 inch steel pipeline under Interstate 35 E as part of a pipeline replacement project. Noise is expected to be from operation of drilling equipment and support vehicles. The Department of Safety and Inspections (DSI) will be recommending the following conditions: 1.The variance will be for construction work on the West and East sides of Interstate 35E along Eleanor Avenue beginning Tuesday April 15, 2014 through Saturday, June 14, 2014. 2. Work periods will be restricted to Monday through Saturday, beginning at 7:00 a.m. and ending at 10:00 p.m. No work will occur on Sundays. 3. The Contractors working on the project will use best practicable methods for controlling noise. The public hearing is scheduled for Wednesday, March 19, 2014 at 5:30 p.m. in the City Council Chambers. Contact Barbara McMonigal-St. Dennis at 651.266.9137, or email to barb.mcmonigal-st.dennis@ci.stpaul.mn.us . Written comments or objections must be received on or before March 18, 2014.
