Re: Notice of License Violation

Mr Nooryshokry,

On November 23, 2010 an inspection was done at your licensed premises. At that time there were 36 cars parked on the lot. Condition 1 allows for 21 vehicles. Condition 4 requires that the maneuvering lane remain open and unobstructed so the vehicles entering or exiting the property can proceed forward. At the time of my inspection the lot was so full that a customer would not have been able to pull into the lot. Condition 10 There shall be no parking on the street or any public right-of-way. There were 4 cars that were parked on University Ave at the time of my inspection that appeared to be associated with your business.

You have until December 30 to bring your licensed establishment into compliance with the conditions. Any further violations will result in adverse action against all of your licenses.

I have enclosed a copy of your conditions on your licenses. Please contact me with any questions. I can be reached at (651)266-9110.

Respectfully,

Kristina Schweinler
Sr. License Inspector
