VIA FAX (651-266-8574) and US MAIL**

Dear Ms. Naylor:

This letter is a follow up to my letter to you dated November 16, 2011. I have attached for your convenience a letter from Mr. Anderson's doctor at Summit Orthopedics, summarizing Mr. Anderson's condition, recovery and physical limitations.

Thank you for taking these issues into consideration as the appeal of the orders at 559 McKnight Road progresses.

Best regards,
THE ENGEL FIRM, PLLC

Matthew A. Engel

RE: Leonard N. Anderson
DOB: 04/17/1940

To Whom It May Concern:

My patient Mr. Leonard N. Anderson suffers from advanced bilateral Dupuytren contracture affecting the small finger and ring finger on the left side and the middle finger and ring finger on the right side. The degree of contraction is significant to impair daily function including writing and using a computer. Recommendation treatment for this disease is to undergo procedure designed to excise the Dupuytren cord and restore finger range of motion. During the recovery from the surgery, which will last four to six weeks in each hand, writing, manual labor, snow shoveling etc. will be quite difficult for Mr. Anderson, will impair basic activities of his daily living secondary to the surgery he underwent November 10, 2011.

If you have any questions regarding this matter, please do not hesitate to contact me.

Sincerely yours,

Andrew D. Thomas, M.D.
