Good Afternoon,

I apologize if I made a mistake but I received the Fire Certificate of Occupancy Approval with Corrections Letter (attached) in the mail on February 7th 2012- which remedied the deficiencies outlined in the Appeal. When I filled out the appeal form in the office of the city clerk a week prior, I was told the Inspection I had scheduled on February 6th would be put on hold until after the Appeal Meeting on the February 14th. I then received the attached approval letter in the mail on February 7th stating the Fire C of O. had been approved. I was not aware or informed that I needed to contact your office in the case the deficiencies were remedied before the appeal date- as they had been. I apologize for any confusion, and would have been in attendance at the Appeal Meeting on February 14th but believed the deficiencies in question had been remedied per the C of O approval letter I received prior to the Appeal meeting on the 14th. Please let me know if I need to do anything further.

Thanks,
Matt
