Dear Legislative Hearing Officer:

We are writing in response to the attached License Application Notification (License #0043940) concerning the property at 79 Western Avenue North, currently operated by The University Club of St. Paul, doing business as The Commodore.

After receiving the notification, we contacted Tom Ferrara, Inspector with the Department of Safety and Inspections, to better understand the proposed changes. He explained that:

"...the primary difference in operations if approved by Council would allow the establishment itself to provide entertainment to customers on nights there is not a rental."

As the owners of the duplex located directly across the street on Holly Avenue—approximately 100 feet from the venue's south windows—we are deeply concerned about this proposed change.

Even under the current license, we have experienced significant disturbances, including:

- Excessively loud music during events, sometimes continuing until 11:30 p.m. or even midnight
- Late-night noise from patrons returning to their cars parked along our residential street
- On one occasion, amplified sound from open venue windows, which was particularly disruptive
- strobe lights visible from inside our home

We have already contacted the St. Paul non-emergency line on at least two occasions to complain about the level of noise. The disruption affects not only us, but also our tenants in the adjoining unit of our duplex, and may impact our ability to rent in the future.

We are also concerned that the venue may not be fully adhering to its existing licensing conditions. For example:

- We have not seen evidence of soundproof curtains

- On one occasion the windows facing Holly Avenue were open during a very loud event
- Unloading and loading of musical equipment, chairs, etc. on the south side door off of Holly Avenue

We also have concerns whether storm windows have been installed on the Holly Avenue side (south side).

This is a quiet, residential neighborhood, and the current level of noise and activity already strains the quality of life for residents nearby. Allowing the venue to expand its operations to include additional entertainment nights—beyond private events—would only increase the disruption.

We respectfully urge the City Council to take these concerns into account when reviewing this application. We believe the current arrangement already exceeds what is reasonable for a residential area, and any expansion of entertainment permissions would make the situation worse.

Thank you for your attention to this matter.

Sincerely,

Robert and Jessica Paulsen
