License History and Condition Modification Requested:

This license was originally issued on 9/29/2010. In April of 2011, Shannon Issac contacted DSI regarding a modification to license condition #4. On 5/4/2011, Ms. Issac submitted a request to change license condition #4 to allow Jeff Rauschnot to be employed at the establishment. Subsequently, under a memorandum of understanding from DSI, license condition #4 was provisionally modified to state as referenced above. **This hearing is intended to review license condition #4 to see if it should be permanently modified.**

Neighborhood Organization Recommendation: On 07/26/2011, the District 6 Planning Council submitted a letter recommending denial of the license modification request. Their letter stated being unable to understand why the applicant would originally claim Jeff Rauschnot would not be part of the business operation during the initial review of the application, then so soon after the license was issued want to add Mr. Rauschnot to the business operation. There has been no further communication submitted by the District 6 Planning Council to DSI regarding this request.
