Grantee agrees that it will pay for any costs that are ineligible for reimbursement and for any amount by which the costs exceed State's total obligation in section 4.1.3. Grantee will return to State any amount appropriated but not required.

4.2.4.1 The State's Authorized Representative will notify Grantee's Authorized Representative where and when any monitoring visit and financial reconciliation will take place, which State employees and/or contractors will participate, and which Grantee staff members should be present. Grantee will be provided with at least seven calendar days of notice prior to any monitoring visit or financial reconciliation.

4.2.4.2 Following a monitoring visit or financial reconciliation, Grantee will take timely and appropriate action on all deficiencies identified by State.

4.2.4.3 At least one monitoring visit and one financial reconciliation must be completed prior to final payment being made to Grantee.

4.2.5 **Unexpended Funds.** The Grantee must promptly return to the State at grant closeout any unexpended funds that have not been accounted for in a financial report submitted to the State.

4.2.6 **Closeout.** The State will determine, at its sole discretion, whether a closeout audit is required prior to final payment approval. 7 **Assignment Amendments, Waiver, and Grant Agreement Complete**

- 7.2 **Amendments.** Any amendments to this agreement must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved the original agreement, or their successors in office.
- 7.3 **Waiver.** If the State fails to enforce any provision of this agreement, that failure does not waive the provision or the State's right to subsequently enforce it.
- 7.4 **Grant Agreement Complete.** This grant agreement contains all negotiations and agreements between the State and Grantee. No other understanding regarding this agreement, whether written or oral, may be used to bind either party.
- 7.5 **Electronic Records and Signatures.** The parties agree to contract by electronic means. This includes using electronic signatures and converting original documents to electronic records.
- 7.6 **Certification.** By signing this Agreement, the Grantee certifies that it is not suspended or debarred from receiving federal or state awards.

8 **Liability**

Grantee and State agree that each will be responsible for its own acts and the results thereof to the extent authorized by law, and neither shall be responsible for the acts of the other party and the results thereof. The liability of State is governed by the provisions of Minn. Stat. Sec. 3.736. If Grantee is a "municipality" as that term is used in Minn. Stat. Chapter 466, then the liability of Grantee is governed by the provisions of Chapter 466. Grantee's liability hereunder shall not be limited to the extent of insurance carried by or provided by Grantee, or subject to any exclusion from coverage in any insurance policy.

9 **State Audits**

Under Minn. Stat. § 16B.98, Subd.8, the Grantee's books, records, documents, and accounting procedures and practices of Grantee, or other party relevant to this grant agreement or transaction, are subject to examination by the State and/or

the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this agreement, receipt and approval of all final reports, or the required period of time to satisfy all state and program retention requirements, whichever is later. Grantee will take timely and appropriate action on all deficiencies identified by an audit.

10 Government Data Practices and Intellectual Property Rights

10.1 **Government Data Practices.** Grantee and State must comply with the Minnesota Government Data Practices Act, [Minn. Stat. Ch. 13](#), as it applies to all data provided by the State under this grant agreement, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Grantee under this agreement. The civil remedies of [Minn. Stat. §13.08](#) apply to the release of the data referred to in this clause by either Grantee or the State.

11 Workers Compensation

The Grantee certifies that it is in compliance with [Minn. Stat. §176.181](#), Subd. 2, pertaining to workers' compensation insurance coverage. The Grantee's employees and agents will not be considered State employees. Any claims that may arise under the Minnesota Workers' Compensation Act on behalf of these employees and any claims made by any third party as a consequence of any act or omission on the part of these employees are in no way the State's obligation or responsibility.

12 Governing Law, Jurisdiction, and Venue

Minnesota law, without regard to its choice-of-law provisions, governs this agreement. Venue for all legal proceedings out of this agreement, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

13 Termination; Suspension

13.1 **Termination by the State.** The State may terminate this agreement with or without cause, upon 30 days written notice to the Grantee. Upon termination, the Grantee will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed.

13.2 **Termination for Cause.** The State may immediately terminate this grant agreement if the State finds that there has been a failure to comply with the provisions of this agreement, that reasonable progress has not been made, that fraudulent or wasteful activity has occurred, that Grantee has been convicted of a criminal offense relating to a state grant agreement, or that the purposes for which the funds were granted have not been or will not be fulfilled. The State may take action to protect the interests of the State of Minnesota, including the refusal to disburse additional funds and requiring the return of all or part of the funds already disbursed.

13.3 **Termination for Insufficient Funding.** The State may immediately terminate this agreement if:

13.3.1 It does not obtain funding from the Minnesota Legislature; or

13.3.2 If funding cannot be continued at a level sufficient to allow for the payment of the services covered here. Termination must be by written or fax notice to the Grantee. The State is not obligated to pay for any services that are provided after notice and effective date of termination. However, the Grantee will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. The State will not be assessed any penalty if the agreement is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds. The State will provide the Grantee notice of the lack of funding within a reasonable time of the State's receiving that notice.

13.4 **Suspension.** The State may immediately suspend this agreement in the event of a total or partial government shutdown due to the failure to have an approved budget by the legal deadline. Work performed by the Grantee during a period of suspension will be deemed unauthorized and undertaken at risk of non-payment.

14 Data Disclosure

Under [Minn. Stat. § 270C.65](#), Subd. 3, and other applicable law, Grantee consents to disclosure of its social security number, federal employer tax identification number, and/or Minnesota tax identification number, already provided to the State, to federal and state tax agencies and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state tax laws which could result in action requiring the Grantee to file state tax returns and pay delinquent state tax liabilities, if any.

- 15 **Fund Use Prohibited.** The Grantee will not utilize any funds received pursuant to this Agreement to compensate, either directly or indirectly, any contractor, corporation, partnership, or business, however organized, which is disqualified or debarred from entering into or receiving a State contract. This restriction applies regardless of whether the disqualified or debarred party acts in the capacity of a general contractor, a subcontractor, or as an equipment or material supplier. This restriction does not prevent the Grantee from utilizing these funds to pay any party who might be disqualified or debarred after the Grantee's contract award on this Project.
- 16 **Discrimination Prohibited by Minnesota Statutes §181.59.** Grantee will comply with the provisions of Minnesota Statutes §181.59 which requires that every contract for or on behalf of the State of Minnesota, or any county, city, town, township, school, school district or any other district in the state, for materials, supplies or construction will contain provisions by which Contractor agrees: 1) That, in the hiring of common or skilled labor for the performance of any work under any contract, or any subcontract, no Contractor, material supplier or vendor, will, by reason of race, creed or color, discriminate against the person or persons who are citizens of the United States or resident aliens who are qualified and available to perform the work to which the employment relates; 2) That no Contractor, material supplier, or vendor, will, in any manner, discriminate against, or intimidate, or prevent the employment of any person or persons identified in clause 1 of this section, or on being hired, prevent or conspire to prevent, the person or persons from the performance of work under any contract on account of race, creed or color; 3) That a violation of this section is a misdemeanor; and 4) That this contract may be canceled or terminated by the state of Minnesota, or any county, city, town, township, school, school district or any other person authorized to grant contracts for employment, and all money due, or to become due under the contract, may be forfeited for a second or any subsequent violation of the terms or conditions of this Agreement.
- 17 **Limitation.** Under this Agreement, the State is only responsible for receiving and disbursing funds. Nothing in this Agreement will be construed to make the State a principal, co-principal, partner, or joint venturer with respect to the Project(s) covered herein. The State may provide technical advice and assistance as requested by the Grantee, however, the Grantee will remain responsible for providing direction to its contractors and consultants and for administering its contracts with such entities. The Grantee's consultants and contractors are not intended to be third party beneficiaries of this Agreement.
- 18 **Additional Provisions**
- 18.1 **Prevailing Wages.** Grantee agrees to comply with all of the applicable provisions contained in Minnesota Statutes Chapter 177, and specifically those provisions contained in Minn. Stat. §. 177.41 through 177.435 as they may be amended or replaced from time to time with respect to the project. By agreeing to this provision, Grantee is not acknowledging or agreeing that the cited provisions apply to the project.
- 18.2 **E-Verification.** Grantee agrees and acknowledges that it is aware of Minn.Stat. § 16C.075 regarding e-verification of employment of all newly hired employees to confirm that such employees are legally entitled to work in the United States, and that it will, if and when applicable, fully comply with such order.
- 18.3 **Telecommunications Certification.** If federal funds are included in Exhibit A, by signing this agreement Grantee certifies that, consistent with Section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. 115-232 (Aug. 13, 2018), Grantee does not and will not use any equipment, system, or service that uses "covered telecommunications equipment or services" (as that term is defined in Section 889 of the Act) as a substantial or essential component of any system or as critical technology as part of any system. Grantee will include this certification as a flow down clause in any contract related to this agreement.
- 18.4 **Title VI/Non-discrimination Assurances.** Grantee agrees to comply with all applicable US DOT Standard Title VI/Non-Discrimination Assurances contained in DOT Order No. 1050.2A, and in particular Appendices A and E, which can be found at: https://edocs-public.dot.state.mn.us/edocs_public/DMResultSet/download?docId=11149035. If federal funds are included in Exhibit A, Grantee will ensure the appendices and solicitation language within the assurances are inserted into contracts as required. State may conduct a review of the Grantee's compliance with this provision. The

Grantee must cooperate with State throughout the review process by supplying all requested information and documentation to State, making Grantee staff and officials available for meetings as requested, and correcting any areas of non-compliance as determined by State.

18.5 Use, Maintenance, Repair and Alterations. The Grantee shall not, without the written consent of the State and the Commissioner, (i) permit or allow the use of any of the property improved with these grant funds (the Real Property) for any purpose other than in conjunction with or for nonmotorized transportation, (ii) substantially alter any of the Real Property except such alterations as may be required by laws, ordinances or regulations, or such other alterations as may improve the Real Property by increasing its value or which improve its ability to be used for the purposes set forth in section (i), (iii) take any action which would unduly impair or depreciate the value of the Real Property, (iv) abandon the Real Property, or (v) commit or permit any act to be done in or on the Real Property in violation of any law, ordinance or regulation.

If the Grantee fails to maintain the Real Property in accordance with this Section, the State may perform whatever acts and expend whatever funds necessary to so maintain the Real Property, and the Grantee irrevocably authorizes the State to enter upon the Real Property to perform such acts as may be necessary to so maintain the Real Property. Any actions taken or funds expended by the State shall be at its sole discretion, and nothing contained herein shall require the State to take any action or incur any expense and the State shall not be responsible, or liable to the Grantee or any other entity, for any such acts that are performed in good faith and not in a negligent manner. Any funds expended by the State pursuant to this Section shall be due and payable on demand by the State and will bear interest from the date of payment by the State at a rate equal to the lesser of the maximum interest rate allowed by law or 18% per year based upon a 365-day year.

18.6 Counterparts. The parties may sign this Agreement in counterparts, each of which constitutes an original, but all of which together constitute one instrument.

18.7 Electronic Signatures. The parties agree that the electronic signature of a party to this Agreement shall be as valid as an original signature of such party and shall be effective to bind such party to this Agreement. The parties further agree that any document (including this Agreement and any attachments or exhibits to this Agreement) containing, or to which there is affixed, an electronic signature shall be deemed (i) to be “written” or “in writing,” (ii) to have been signed and (iii) to constitute a record established and maintained in the ordinary course of business and an original written record when printed from electronic files. For purposes hereof, “electronic signature” also means a manually signed original signature that is then transmitted by any electronic means, including without limitation a faxed version of an original signature or an electronically scanned and transmitted version (e.g., via PDF) of an original signature. Any party’s failure to produce the original signature of any electronically transmitted signature shall not affect the enforceability of this Agreement.

J. Safety Concerns

Does the school(s) or school district have a no walking and/or bicycling to school policy?

No

Does the school(s) provide hazard busing?

Yes

Does the school(s) district have plans relocate or repurpose the school facilities within the next 10 years?

No

Does the school(s) or school district promote any activities or policies to encourage students walking and bicycling?	Yes
If yes, please briefly describe these activities or policies:	SPPS Wellness Policy 533.00 Part IV.H supports walking and biking: "Schools are encouraged to promote and support active transport to schools including participating in Safe Routes to Schools programs and activities, providing bicycle and walking safety programs, and using crossing guards."
Have safety risks or hazards been identified that prevent students from walking or biking to school?	Yes
Do students still walk or bike to school even though safety risks or hazards have been identified near the school(s) or on routes students take to school?	Yes
Percentage of students who walk or bike to school	10%
Percentage of students who take the bus to school	55%
List and describe the safety risks or hazards that have been identified, including the locations of these risks. Applicants may reference any student or parent survey data, crash data, SRTS plan, or other relevant sources. Upload any referenced sources when submitting this application.	<p>At Victoria and Central: Long crossing distances; drivers build speed traveling south from the intersection of Victoria & University with no visual or physical queues that they are in a residential area or approaching a school (and are traveling downhill); crossings do not meet accessibility standards</p> <p>At Victoria and St Anthony: Long crossing distances; drivers not anticipating people crossing; two one-way approach lanes on St. Anthony create double-threat risk; crossings do not meet accessibility standards; limited space for people to queue before crossing</p> <p>At Victoria and Concordia: Long crossing distances; drivers not expecting people crossing; two one-way approach lanes on Concordia create double-threat risk; crossings do not meet accessibility standards; limited space for people to queue before crossing</p>

Identify which risks are present and how they affect priority populations.

All the above safety risks and hazards are put on the people of the Rondo Community. In the 1950s and 1960s, Interstate 94 was constructed and bulldozed this very neighborhood. Because of and as part of the construction of 94, crossings of the freeway became fewer, thus funneling pedestrian and vehicle traffic to Victoria and across Central, St Anthony, and Concordia. Since the completion of 94 in the late 1960s, this historically Black neighborhood has faced more traffic and uncomfortable crossings because of past decisions.

K. Project Improvements

Explain how the improvements that were identified in Section I (Full Project Description) would mitigate the risks and hazards identified in Section J (Safety Concerns)

Improvements described in Section I will increase the visibility of people walking, increase driver yielding compliance, calm (slow) traffic, decrease students' exposure to conflict with vehicles by narrowing the crossing, and signal to drivers that they are entering a space where they should expect people walking. The additional curb space will also provide more queuing space for students and families waiting to cross.

III. Local Safe Routes to School Program (25 points)

L. Safe Routes to School Plan

Does the school(s) have a Safe Routes to School plan?

Yes

If yes, in which year did the local governing agency adopt the plans?

2018

If yes, provide link to the most recent plan
