Hi Ms. Hole,

My garage, fence and house all sit on the northern property line and are connected. There is no gate due to it being 1249's property on the left.

B

This is the front view of the garage, fence and house to show their position. My Daughter-In-Law is standing on the neighbors yard taking the picture.

A photograph of a residential yard. In the foreground, a tree with green and some brown leaves stands in a mulch bed bordered by wooden logs. To the left of the tree are two large wheeled bins, one blue and one black. A green plastic fence is behind them. In the background is a brick house with white window frames. A red letter 'C' is circled in the top right corner.

My garbage, recycle and yard waste are all picked up here. There is no reason I would have to get someone to take anything to the alley for a pickup, when my services are all at the front of my house.

This is my property, but all 3 of these
cans belong to 1241 Albemarle St.
