We will hear Item 12 in tandem with Item 11.

- 22 [RES 21-321](#) Authorizing the Department of Parks and Recreation to rename Lewis Park to Roy Wilkins Park.

Councilmember Thao asked for a staff report.

Mike Hahm, Director of Parks & Recreation, said the proposal is to rename the current Lewis Park to be Roy Wilkins Park. This is a proposal that was born and cultivated by the community. They wanted to acknowledge the work of District 6 Community Council that have brought us to this point. A lot are familiar with the contributions of Roy Wilkins in local and national civil rights issues. What we learned was that his home was adjacent to the current Lewis Park. Mr. Wilkins attended school at a site that was razed and what is part of Lewis Park. When Lewis Park was established it was named for the real estate developer that was developing the surrounding property. Some of the land is still Lewis Park. The community proposed that the park be renamed and the Parks Department has established criteria for naming. This proposal meets that criteria in the category for historical history and historical recognition. Parks unanimously recommended approval.

Thao thanked Hahm for his staff report. He appreciates the team for putting this together. He thanked the North End Neighborhood staff. (Thao gave some history of the neighborhood and Mr. Wilkins.)

Approving installation of bike lanes on Hamline Avenue from Highland Parkway to Randolph Avenue.

Councilmember Tolbert thanked everyone for laying this over so he could look into a few more things. He wanted to see if there was any additional parking he could add back into the project or any other pedestrian improvements that could be added. He also wanted to talk to a few local businesses that reached out last Wednesday. This is a great bike connection. It is an added spot that is well needed in the neighborhood. The best benefits of this, in addition to narrowing what is a wide street and adding lanes that would slow down traffic. There are some pedestrian improvements that will make it safer for families to cross Hamline. Some local businesses are concerned about some of the parking changes. Overall, staff did a good job minimizing the amount of spots that will become no parking. There is quite a bit of time sensitive parking permits right around Hamline and Randolph. It could be beneficial to keep cars moving there. He is opening to changing the time so people can stop by some of these places. Overall, this is an important component and makes this stretch of Hamline safer for bikers and pedestrians walking around there. He moved to close the public hearing and approve.
