

Western Avenue Bikeway

Front Ave to Como Ave

What is Proposed?

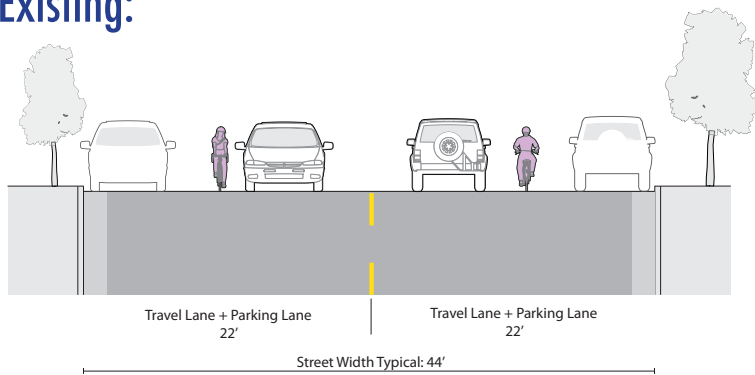

Saint Paul Public Works is planning to resurface Western Avenue between Front and Como avenues in 2018. The Saint Paul Bicycle Plan recommends bike lanes on Western Avenue where the street is being resurfaced. Installing bicycle lanes on Western Avenue between Front and Como avenues is proposed.

Changes to Parking

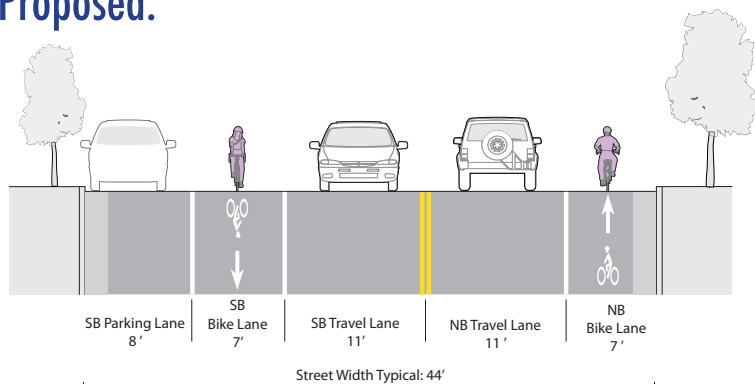

To install bike lanes, parking would need to be removed on one side of the street. Parking removal is being proposed for the east side of Western Avenue between Como and Front avenues. To accommodate a lane shift, parking removal is also proposed for the west side of Western Avenue between Larch and Atwater streets.
