I just thought of something - he can go out to his account on www.wm.com and if he clicks on payments – it will show him the decline notification he got in Jan 24 & Oct 23.

He has ezpay and he made online payments so he should have access to it.

Yesterday PO replied with "Can Waste Management supply proof that they actually sent the email on January 25th?" and I reiterated that he was emailed about his declined CC, and sent NNPs 3x, and the bill is still due.

Today he responded with "I'll go ahead and attend the Legislative hearing to describe the experience and lack of communication which resulted in this situation. If in the meantime Waste Management can supply proof that the email was in fact sent in January that may help."

Can you try and send email copy?

See below these are the two notifications that would have been e-mailed to tabbykat97@gmail.com

I can't get the messages he received on 10.23.23 & 1.25.24 to copy over – but they were sent to the above e-mail address telling him that his payments declined - he didn't resolve the issue until 4.4.24

Did you email him in January (or Q1 anytime) to let him know his CC was declined? When did you send it?

He is really trying to fight the late fees.

PO reached out with more accurate information. The CC was compromised in August 2023 and they updated the CC info then (not Nov 2023, as previously reported).

Can you confirm the last 4 CC of the Oct 25 2023 autopay payment?

Po states his CC was compromised in Nov 2023 and gave WM new card info around that time (they said something about the bank sending updates to all vendors)

They called in April when they received the Assessment notice to ask why you didn't charge the new CC that was given in Nov.

They are fine with paying the assessment, but feel they should not be charged the late fees because WM already had the new CC info

Can WM wave the late fees for PO?

The way the system reads the auto pay screen - it's set in queue to pull on 4.25.24 whether balance is still owing or not

The 4.16.24 is a separate payment they made.

If they were on autopay and the account was paid and set to \$0 on 4/16, why did the autopay still process \$134.31 on 4/25?

I don't remember seeing anything for this address .

Here is what I have

1st Qtr 2024 Billing - 96 gal trash service , taxes and 3 late charges.

01/05/24	MISC TAX	INV T1A	9.51	9.51
01/05/24	MISC TAX	INV T1I	27.30	36.81
01/05/24		INV 06A	97.50	134.31
01/31/24	FIN CHRG	FIN LPR	6.71	141.02
02/29/24	FIN CHARG	FIN LPR	6.71	147.73
03/29/24	FIN CHRG	FIN LPR	6.71	154.44
04/03/24	ST PAUL BAL	PMT ICR	154.44	.00

We received these two payments after 4.1.24 - one was applied to the 4.5.24 Invoice and the other is a credit balance on their account

Payment was sent well after the deadline and they shouldn't have been paying us for the assessment. Looks like they might have had a problem with an credit card and by the time they got the information updated it was 4.16.24.

04/16/24	OTP-PRE-VISA	PMT SLB	134.31	.00
----------	--------------	---------	--------	-----

04/25/24 RECUR-VISA PMT SLB 134.31 134.31-

Service and Billing address are the same.

Payment history was good up until 1st Qtr 2024.

Only contact with P/O is around 4.2.24 and it was about the CC issue.
