Subject: Hillcrest Site - The Eastside Deserves a Better Alternate Solution
Date: Tuesday, May 24, 2022 11:35:51 AM

Dear Council Member,

Please don't squander this opportunity at the former Hillcrest golf course site. SPPA's current Master plan isn't the only solution and most certainly not the best.

The "Master Plan" presented best represents the SPPA's interests but does not address the concerns and interests of the majority of the residents in the area and the Greater East Side.

PLEASE hold off voting on zoning changes that would allow the current plan to move forward. **We need an alternate solution** that more closely follows Saint Paul's 2040 Comprehensive Plan, one that includes community priorities, keeps more of the natural topography as an asset, and is the highest, best use of the property.

Stop looking at the Eastside as it is, but as you dream it could be.

Thank you,
