Dear Council Member Jane Prince,

A complete take over of garbage service in Saint Paul is far more complicated and not something city hall should be involved in. We object to City appointees efforts to create a government-run, one-size-fits "solution" for every home dictating costs and service level arrangements.

This is the wrong idea at the wrong time. A takeover of garbage takes the choice away from homeowners, puts companies out of business, and employees out of work. Saint Paul should be focusing its time and energy on skyrocketing skyway and gun crime, balancing the city budget, fixing rec centers, and recruiting new businesses and jobs.

The City shouldn't fix something that is not broken!

Quit adding to the liberal policies and agendas to the bureaucracy of STP. I enjoy the free market and able to choose who provides my service.

This stinks of Crony Capitalism. I am happy with my small, family-owned sanitation provider and the fee that they charge me. Please don't decide who wins and loses in business.

We have a R&M sanitation for many years, they are family owned smaller hauler an have been around for years, prices are fair employees are great, this would definitely hurt them if the city would decide who hauls for you...Not to mention a bigger larger company only cares about the money not the customer...Please leave up to residents to decide who they want hauling there trash...Thanks the crans

Subject: Trash

Jane, I want you to know that I am totally against Saint Paul controlling garbage collection. Every reason that is given for this is pure bs. Just for one. You want to prevent furniture being dumped on the street? How about enforcement and deterrence instead of having Bruce pay for it in his trash bill. I could go on but you get the point.

Sincerely

Bruce Montgomery
