45 [RLH RSA 22-1](#) Appeal of Matthew & Jim Lindquist to a Rent Stabilization Determination at

1029 RAYMOND AVENUE.

Marcia Moermond gave a staff report.

Councilmember Jalali asked how the city could make sure utilities are not increased in lieu of rent increases, to get around the rent control ordinance.

Moermond stated that the ordinance did not spell out how that enforcement would work. The answer would likely be forthcoming as enforcement action had not yet been taken on this by the City.

Jalali expressed a commitment to supporting tenants who are worried about utility increases that would effectively increase monthly rents by more than what is allowed. Asked if the 15% increase was based on a fair return formula or another method.

Moermond stated that the 15% number came from Department of Safety and Inspection rules that capped the allowable increase via an exception. Said the ordinance was silent on percentages. Said that in this case the recommendation would not bring them to where the owners want but moves them in that direction.

Council President Brendmoen thanked Jalali for her work on the item.

Jim Lindquist spoke in support and thanked legislative hearing staff.

Jalali thanked legislative hearing staff. Stated that she had reviewed the file and felt the resolution was allowed by the ordinance, relating to the provision on ensuring a fair return on investment. Renewed commitment to tenants. Moved approval.
