03/25/2011	11 112793	Project Completed	PV - Project Facilitator Review Project Applicant Daniel Esrig The Grand Sandwich - Issues with parking to add wine/beer. Discussed shared parking option, and use of institutional lot in residential district (at 1655 Grand Ave) which would need to go through the Planning Commission (CUP and/or Shared Parking). Variance of parking requirements not likely per Yaya Diatta at this time due to recent court ruling. Advised needs to have minimum seating capacity of 25 for addition of wine/beer. Stated speaking with Larry Zangs who believed menu/kitchen facility would be ok.

09/05/2002	02 225585	Project Completed	PV - Project Facilitator Review	Jeff Gauss P.O. Box 16244 St Paul 55116 (cell) 216-8764 (Home) 690-3603 Mr. Gauss has leased the second floor level of this building (space above Ruminators Books) for use as a church. Currently he says his

			congregation numbers about 10 members. The space was last used a residence (1or 2?) and commercial (dba Last Stop CD Shop). He is proposing to combine these two spaces (2700 sf.) and use for his congregation to meet. There are two restrooms, one with a shower which are not accessible. There is no elevator to the second floor and no sprinkler system. He is currently not proposing any food service. The property is zoned B-2. Mr. Gauss has not conducted any services in this space yet but has sign a lease. I thought we had better get him in here quick. I told him to draw up a floor plan and submit a written business plan for all the functions he intends to do in this space. Issues Church is permitted in B-2 but there is no parking we can count toward this use unless there is an option with shared parking (I didn't discuss this with Mr. Gauss yet). Change in Occupancy? Architect needed. HC accessibility for restrooms and access(ie elevator) Exiting HVAC Sprinkler? Structural (floor loads) ???
