

Simple Recycling & Crushing, LLC

91 Ridder Circle
Saint Paul, MN 55107
(phone) 651.772.1449 (fax) 651.222.3831

Dear City Council Members:

Simple Recycling & Crushing, LLC is writing to request approval of a temporary interim use permit at 91 Ridder Circle for site remediation and clean-up of existing onsite concrete and asphalt material.

Simple acknowledges that such permit is subject to special conditions and restrictions, which Simple will comply. However, we would like to request 60 business days to clean up the site. Let it be noted that all dust control and safety standards will be enforced during the clean-up process.

We have notified our surrounding neighbors and community organizations of our situation. This would include Brown & Bigelow, the Metropolitan Airport Commission, and WESTCO. Each understood the implied economic consequences and hardship that Simple Recycling & Crushing would face given the mandate to export this material. Each also showed support for a one-time temporary permit to clean up our facility and avoid hardship.

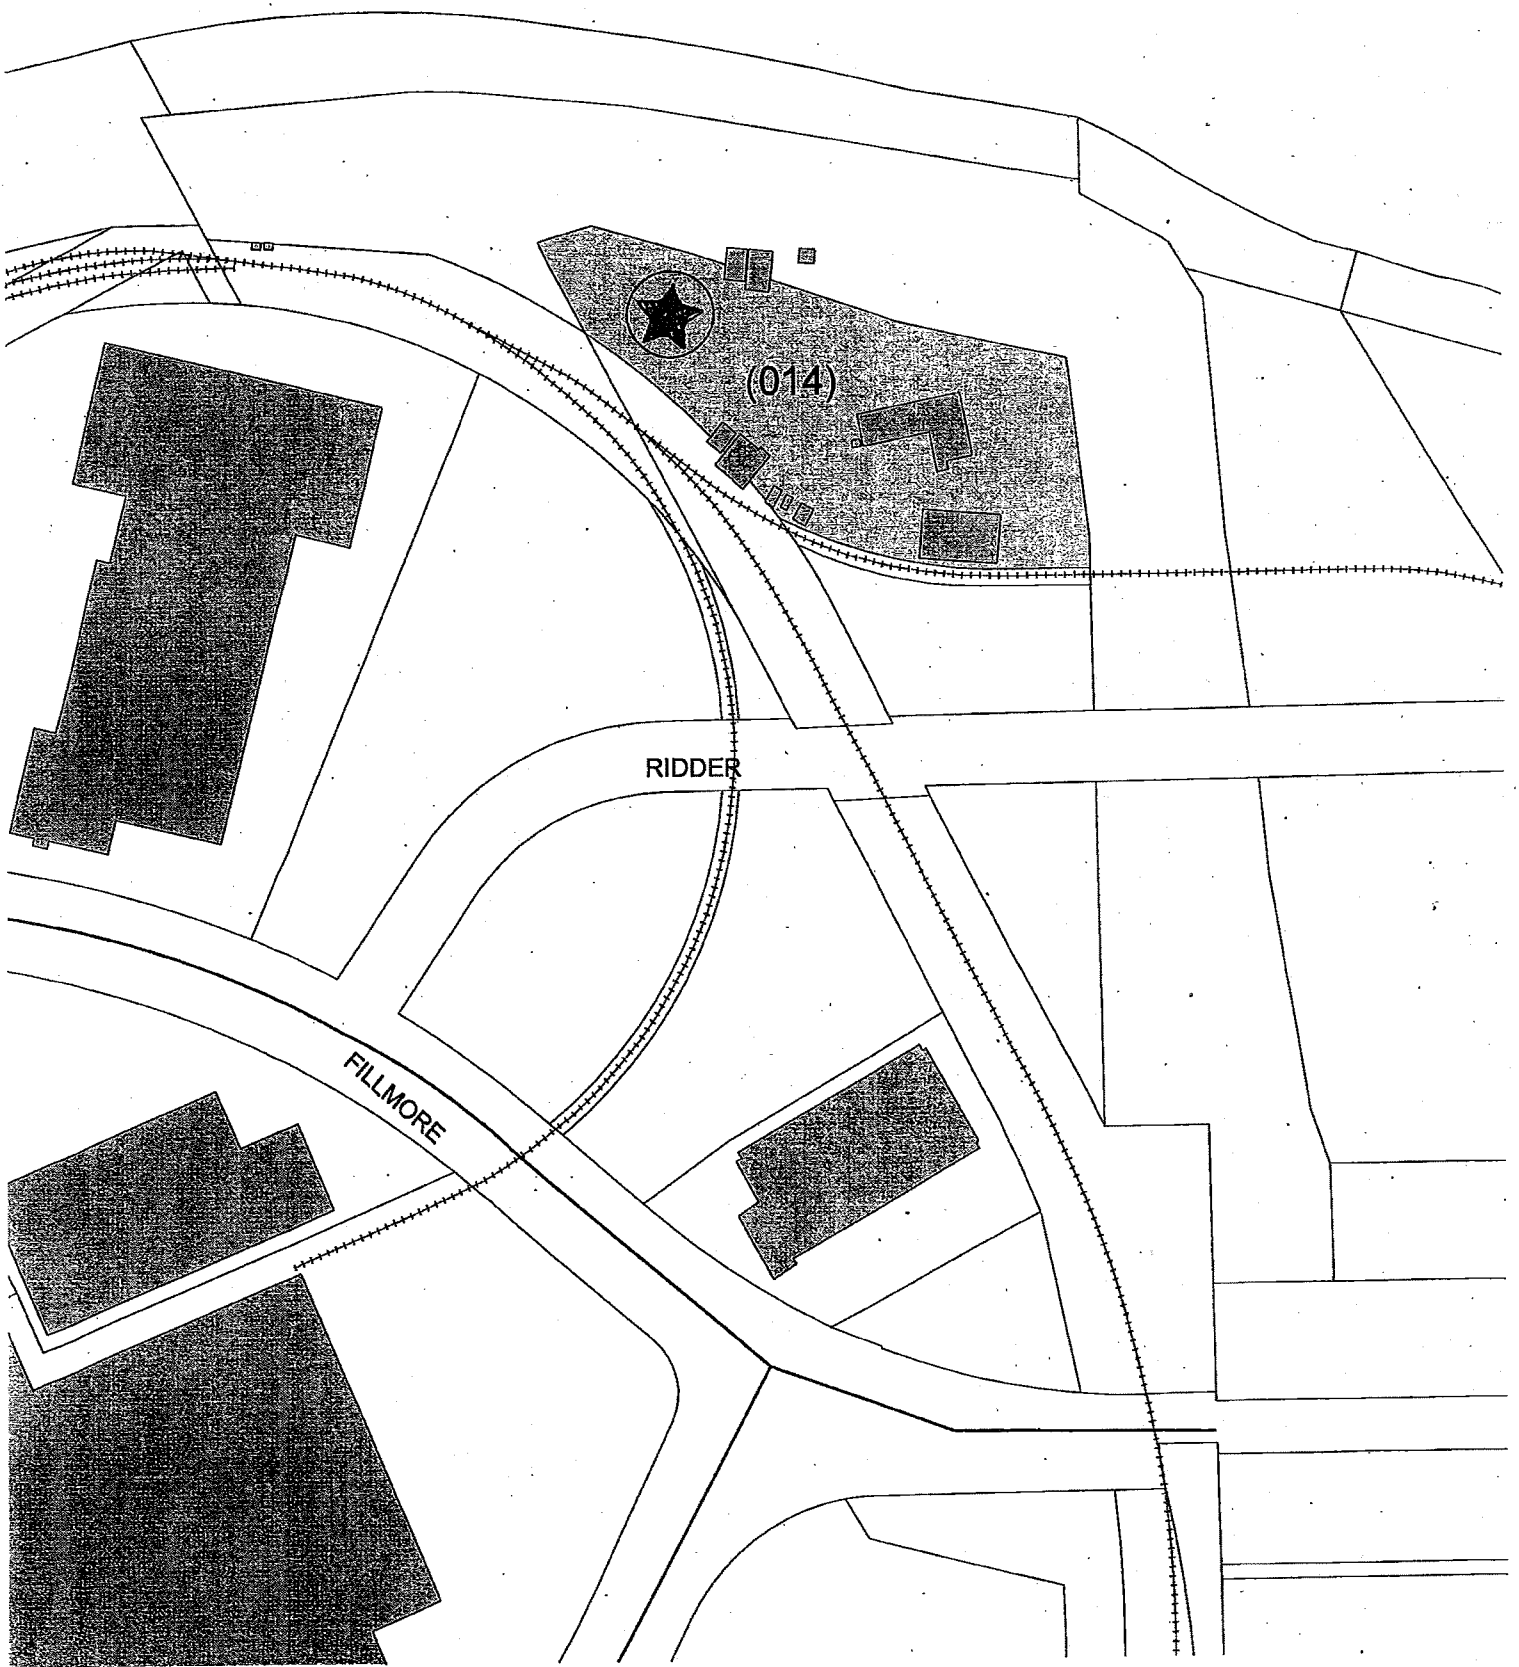

We hope you show the same support and allow Simple to service the city of Saint Paul for years to come.

Thank you for your time.

Sincerely,

A handwritten signature in cursive script that reads "Denise Semple".
