Subject: Support for Ord 15-43 snow/ice removal

Council Members,

I am unable to attend the public hearing this evening but would like to communicate my support for the ordinance making it easier for the city to do snow and ice removal with repeat offending property owners. As a resident who regularly walks year-round for transportation, having safe and clear sidewalks is critical. Our sidewalks are a critical network just as our streets are, and anything you can do to help keep them safe and clear of slipping hazards such as ice and snow will help all within St. Paul who depend on walking as part of our daily lives, especially those with additional challenges with mobility.

I hope we can count on your support.

Sincerely,
Heidi Schallberg
706 Mississippi River Blvd S #204
