

City of St Paul

To whom it may concern;

In regards to the maintenance program, I strongly object to any participation on my part for any financial responsibility.

First I don't need or want anything to do with anything (Business) on the west side of the alley, as I don't own any business over there.

The only concern is there needs to be improved ordinance enforcement. over

- so there is loitering going on every night, people leave the back of the bar, but don't leave. (tho. Sherwood Lounge)

This can only be avoided if there is only enough space for 3 vehicles one suggestion could be another smaller dumpster.

3 times a year I pay the city for street / sewer maintenance

Signs directing traffic is unnecessary and will cause confusion. I'm handicapped & retired

I can't afford any more taxes. - Thanks for any help

Sincerely,

David Hemmel
