Correct. The payment was posted after the quarter end. The payment was then applied to the 2nd quarter. The amount was less because of a temporary service level change. The remainder of the payment was then applied to a portion of the 3rd quarter charge.

Hope that helps.

Hi Jim,

Thanks for the suggestion. We understand the timing issue. We just want to make sure we have all the answers as we will have to sit in front of the City's legislative hearing office and walk her through this process.

Basically, payment for Q1 2020 was made April 1, that is after the last day to pay the Q1 2020 bill, as such, the payment was applied to the Q2 2020 bill, and the Q1 balance was sent to the city as an assessment.

Kim,

What about the fact that it lists \$221.35 under "payments" for 1/6/2020? Does that mean that there was a payment made for the Q1 2020 invoice?

Thank you!
