ORDINANCES

An ordinance is a city law enacted by the City Council. It is read at four separate council meetings and becomes effective after passage by the Council and 30 days after publication in the Saint Paul Legal Ledger. Public hearings on ordinances are held at the third reading.

- 17 Ord 18-15** Interim ordinance pursuant to Minn. Stat. § 462.355, Subd. 4, preserving the status quo in the boundaries of the potential Merriam Park Heritage Preservation District pending the completion of a report, recommendation and nomination to place the potential Merriam Park Heritage Preservation District on a register of historic places and possible amendments to the City's official controls for protecting historic properties.

Councilmember Henningson said she had heard from many residents within and outside of Merriam Park on both sides of the issue - constituents concerned about historic preservation and constituents concerned about the tight housing market. She said she had proposed the moratorium with an open mind, and really wanted to hear what people had to say. She said the moratorium was intended to be proactive and prevent situations where uncertainty about the historic significance of old properties affects proposed development. She said the two properties on Iglehart got caught up in the mix, and in the end her inclination was to value people over buildings. She noted that there were neighbors interested in saving those two properties and working with the (property owners) on financing if they were willing to do so. She said 26 of the 41 property owners in the moratorium area signed a petition supporting the moratorium, and she took that to mean there was a groundswell of support for the historic preservation in the neighborhood, and that those 26 households, and probably most of the rest, would not be tearing their houses down in the coming months. She said the historic survey process would go forward without the moratorium, and the conversation would continue. She said she would continue to work with PED and the HPC towards developing a long term plan to survey the city using existing, outside, and future resources. She said she felt the City needed to do soul-searching on how to balance the Comprehensive Plan goals of increasing the housing stock and preserving critical structures. She withdrew the ordinance and moved to suspend the bridge resolution RES 18-455, and asked that the City Attorney's office draft a resolution officially

withdrawing that bridge resolution.

Deputy City Attorney Rachel Tierney said she had suggested that the bridge resolution be suspended. She said it appeared on its face that it automatically terminated when the ordinance was withdrawn, but she wanted to make sure it was legally clear.

LEGISLATIVE HEARING ITEMS FOR DISCUSSION

- 19 RLH RR 18-14** Denying request for a stay of enforcement of Council File RLH RR 17-46 ordering the razing or removal of the structures at 1060 AVON STREET within 15 days after the February 13, 2018 City Council Public Hearing.

Legislative Hearing Officer Marcia Moermond gave a staff report. She said the Council had previously voted to order removal of the structure, and had subsequently been asked by the owner to reconsider the action. Ms. Moermond said it was considered in Legislative Hearings and a determination made that conditions had not been met for granting a stay. She recommended that the Council deny the request.

Property owner Don Klemmer said he had encountered a lot of problems along the way with the situation, as some of the Council members were aware. He said he didn't want to borrow any money towards the property and his plans were to sell it. He didn't have any money from improvements. He said he'd approached people who were interested in the property. He said one deal fell through, a neighbor was interested, as was someone with We Buy Houses. He said the house would go tax forfeit in June. He said he had tried to provide access, and didn't believe the inspector's photographs showed the conditions accurately. He said there had been some damage to the foundation, and he didn't know who was responsible for it. He said he was asking for time to put the deals together so he could get something out of the house he'd paid \$120,000 for.

Councilmember Henningson moved to close the public hearing. Yeas - 7 Nays - 0

Councilmember Brendmoen said the Council had voted on the remove or repair order in mid-February. She said she cared about Mr. Klemmer and had done everything possible to preserve the property. She said she would support the Ms. Moermond's recommendation, as much as it pained her, because they were out of time.
