Subject: 411 Charles ave: Abatement

Good morning, Mr Smith.

I'm attempting to contact you regarding a letter I received Saturday, January, 12th for a notification of abatement. The order states I have to comply by January 14th, which is today.

The materials on question is not refuse or rubble. I garden and I reuse materials instead of purchasing new materials.

The plastic totes and other material on my parking pad, is part of the neighborhood TNR, trap, neuter and return that I have been active in the community for over 15 years. Because of the many stray cats that are abandoned in the neighborhood, several neighbors have come together to care for these lost animals by feeding them and offering sheltered areas for them. If you could contact me as to resolve this issue, please.
