**Subject:** Notice Of Public Hearing

My name is James Kennelly at 1353 Summit ave.

I am replying to the Variance for Noise for the Twin Cities Marathon requested by Twin Cities in Motion.

My vote is NO, I do not want to be woke up by noise on a Sunday morning or any annoying noise during the day on Sunday. I can hear the football announcements from Concordia College during sporting events. I DO NOT want speakers right outside my home. Move the amplified sound to Syndicate street and Aid Mill road on Summit where you have a parking lot and an a park, where their is no homes.

PS: Please reply that you got this Email.
