We are objecting to the the license application because the neighborhood is a family neighborhood. Getting the new community center, also there is a church right behind it.

We've had complaints strictly as a result of the bar being there and now it sounds like they want to expand it. We've had complaints!

Noise complaints as well as intoxicated people coming from the bar. You can always look at the police records and see the number of calls going to bar as well as the immediate area, mostly in the evenings.
