Subject: Voice Mail (1 minute)

Hi, my name is Robert Firth. I live at 1450 Portland Avenue, Saint Paul, Minnesota 55104. I got a notice from the city of Saint Paul about a public hearing related to Bethel Christian Fellowship outside Sunday Worship Services and looking for a variance in the level of sound that and have amplified sound on Sundays. I am not in favor of that. Bethel Christian Fellowship rents their space out to many different venues and some of them are quite noisy and their church services even indoors get very noisy. We have enough noise pollution in the neighborhood, especially on a Sunday when you want to spend time with family out in your yard. I live just a couple doors down from Bethel, and the parking lot faces my backyard. So again I am not at all in favor of this. I wish he would turn it down. Thank you.
