Voice mail for owner at 1211 Randolph Avenue, June 1 @ 3:40 p.m.

Hi, my name is Matt Jackson. My number is 651-224-9527, that's 651-224-9527. I was told that I could leave a message regarding my property at 1211 Randolph until noon tomorrow. As my assessment is being heard um my side of the story is um I was replacing some storm windows on my building, and I leaned the old storm windows against the fence that's on the side yard. The neighbor got a work order to replace his fence and instead of asking me to move the windows or moving the windows, he had the city put in a work order. That work order went to, I don't know why it went to 973 Linwood. My old address is 226 Grotto. I did change my mailing address to 973 Linnwood for a while because I was traveling. That's my mom's address but I never told the city to. I never put in any orders for the city to change my address to the Linwood address. So every month or so you know I would go over there and get my mails. Sometimes it's less frequently, sometimes more frequently, but Long story short, I did not get the notice before the date was up and so it charged me \$478 to remove about 10 storm windows. I'm hoping that I'm sure you guys hear the same three excuses for every everything like this, but yeah, I mean my address is 43 Mckubin. You can look that up my address before that was 226 Grotto St North. You can look that up. I don't know why these my mailing my mail hasn't gone to my mom's in over a year and a half, so why these or maybe even two years now? So why these notices went to my mom's house, I don't know, but they did so I didn't see him in time. Hopefully you guys can give me a break. How much they charge me to clean up 10 storm windows or 8 or 10 storm windows. Something like that in general. I have always complied if I get the notice is I have always complied with everything. I own several rental properties around the around Saint Paul and I talked to the Daniel Badge. I believe his name is that I talked to him and he remembered the incident and I had a similar incident. I have a similar incident right now at another while standing incident yet, but he's asking me to move a mattress that a tenant put out there. So I was talking to you about that and then I just happened to ask him about the Randolph one and he had done the Randolph one too. So but I think he can attest that the notice went to the wrong address and I'm trying to correct the situation now by calling Ramsey County and having a my address changed, which I have done in the past. It didn't take all I'm doing it again so that hopefully we don't have miscommunications when I need to remove something that is my responsibility to remove. If you guys have any other questions let me know. Thank you, bye.
