Hi Mai –

The property owner called requesting if the vacant building fee which was assessed October 3, 2018 could be deleted. The PO received a code compliance sign off on October 18, 2018 but did not attend any hearings to appeal the assessment. They are now selling the property and would like the VB fee deleted. Steve said it was okay and asked me to contact you to see if you would be willing to prepare a resolution to delete which approved by Council on January 16, 2019. I've attached the assessment roll page for this property for your reference. If there are any problems, let me know. Thanks, Mai.

Vicki
