I think so and that is a good reason to put. It is quite confusing because it shows up in two different ways on the sheets. This was the quarter that WM had 70 corrections and this could have been one of them or it could have been my error in making an assumption based on partial info.

Good to know. Thanks Sarah! Was it simply that that the property ID was matched up with the wrong property address? I just need to know so that I can add it to the legislative hearing file (since I know Marcia will ask about it).

I think there was a mistake made, probably on our end and we should remove assessment for 2012.

Hey Sarah,

I sent a complaint about the address 2012 Edgcumbe Rd to WM. When I do a search in assessments, 2012 Edgcumbe Rd matches with the PID number 152823330010. This appears to be what WM has as well in its records.

However, when I looked at the assessment roll, the property listed with the PID number 152823330010 was 2020 Edgcumbe Rd. Do you know why that may be? Was there just a change in the property address?

Thanks!

Yes. It was on the assessment roll that was sent to us by WM on 10/05/2020. It was sent to us under the address 2020 Edgcumbe Rd. with PID Number 152823330010. The city has the property listed as 2012 Edgcumbe Rd. Does this change your answer at all?

Thank you
