- Element Gym will also provide 24-hour surveillance of the interior and exterior of the space(s). On, during and after events and operations. Ordinance Element Gym has read and understands the definition of "public dance hall" defined under Chapter 405 of the City of St. Paul Legislative Code. We will never hold an event, of any kind for any group or organizations, where the sole purpose is for people to buy individual drinks and dance. We are not operating a nightclub or public dance hall. We are operating an event and

performance space for artists and organizations and individuals who want to rent the space for theater and dance performances, fundraisers, conferences and individuals for wedding receptions, if they want liquor as part of their event will have to operate the event using a license liquor cater and can only have open bar setup for their guest.
