Hi Joanna,

Please see the note from Jason Brash below. The window replacement permit has been closed out. Thanks, Kathy

Hello Kathleen,

I closed out the permit this morning. My records showed I was onsite for inspection on October 25th last year. I apologies it didn't get saved the right way to close it. Now it shows it was inspected and approved.

Thank you for following up on this

Jason

Hi Jason,

I've just learned that a July 2021 window replacement permit for windows I had replaced last October 2021 hasn't been closed. The windows were installed by Andersen and a St. Paul inspector inspected them after they were installed and everything was fine. I assume the inspection was done last October. Can you please check into this and ensure that the permit is closed? I left you a VM about this too. Thanks so much, Kathy
