

Marcia,

After our hearing on June 21<sup>st</sup>, I followed up with Al Czaia about my concerns for the sidewalk. He agreed to send someone out to put asphalt for a temporary fix and is assessing the sidewalk for repair. Due to the high volume of repairs and sidewalks within the county, this may take some time.

In the future, I will maintain my sidewalk by laying salt and sand to prevent the runoff from freezing and creating a unsafe walking space. I will maintain my property by ensuring it is shoveled within 24 hours and remove all ice.

Thank you for your time,

Nicole Voss
