Yes, my name is Lisa Prouty PROUTY Gehrig GEHRIG and my address is 1153 Summit Ave., St. Paul, MN 55105. I'm calling regarding the notice of public hearing sound level variance for Saint George Greek Orthodox Church Greek festival. I see that they're looking, they're requesting a sound level level limit of 95 DBA and I've lived here for 30 years and the you know, festival is fine. I get as a fundraiser for them and actually gone down and gotten food and what have you. The noise level has always been an issue. It's that I feel like I have a couple of days that really can't enjoy my own backyard and would really like for the noise level not to be for this not to be granted that it doesn't. That doesn't need to be any louder than what it is. And I've been over there when they have music playing and even then I gotta lean in to talk to somebody. It's so I'm a no on this sound level variance being granted. Alright, thank you. Bye.
