**Subject:** RE: Photo of Fence

Salina,

Mr. Brown was issued a permit for a temporary construction fence on June 25, 2012. Once the fence is installed, he has 180 days before it must either be removed or replaced with permanent fence.

On July 27, 2012 I met with Mr. Brown to establish where the property line is. You were on site as well. There was a property pin found in the front yard, and we transferred the dimensions to the rear property. Mr. Brown was instructed to string a line between the two points which he did and I inspected on August 24 2012.

On October 9, 2012, I observed that the temporary fence appears to be installed. I will send Mr.

Brown a letter reminding him that on April 9, 2013, the orange construction fence must be removed. If he intends to install a permanent fence, he will need to obtain a new permit.

Hi Dave,

Attached is a photo of the fence. It would please me for it to be ordered to be taken down.
