

TO THE CITY OF SAINT PAUL:

Quiet and enjoyment in our Highland Park neighborhood is paramount. Alcohol use on the Tropicana Café's premises located at 2585 West 7th Street, St. Paul, MN 55116, whether licensed to sell or not is affecting the quiet and enjoyment of the neighborhood with increased traffic, drunk drivers, and increased potential alcohol related incidents near where children and families live peacefully and safely. Since the Café opened, the customers run out of places to park, and resort to parking in the neighborhood disturbing the peace and quiet at late evening hours. Music is very loud as one person posted an online review on google regarding that establishment.

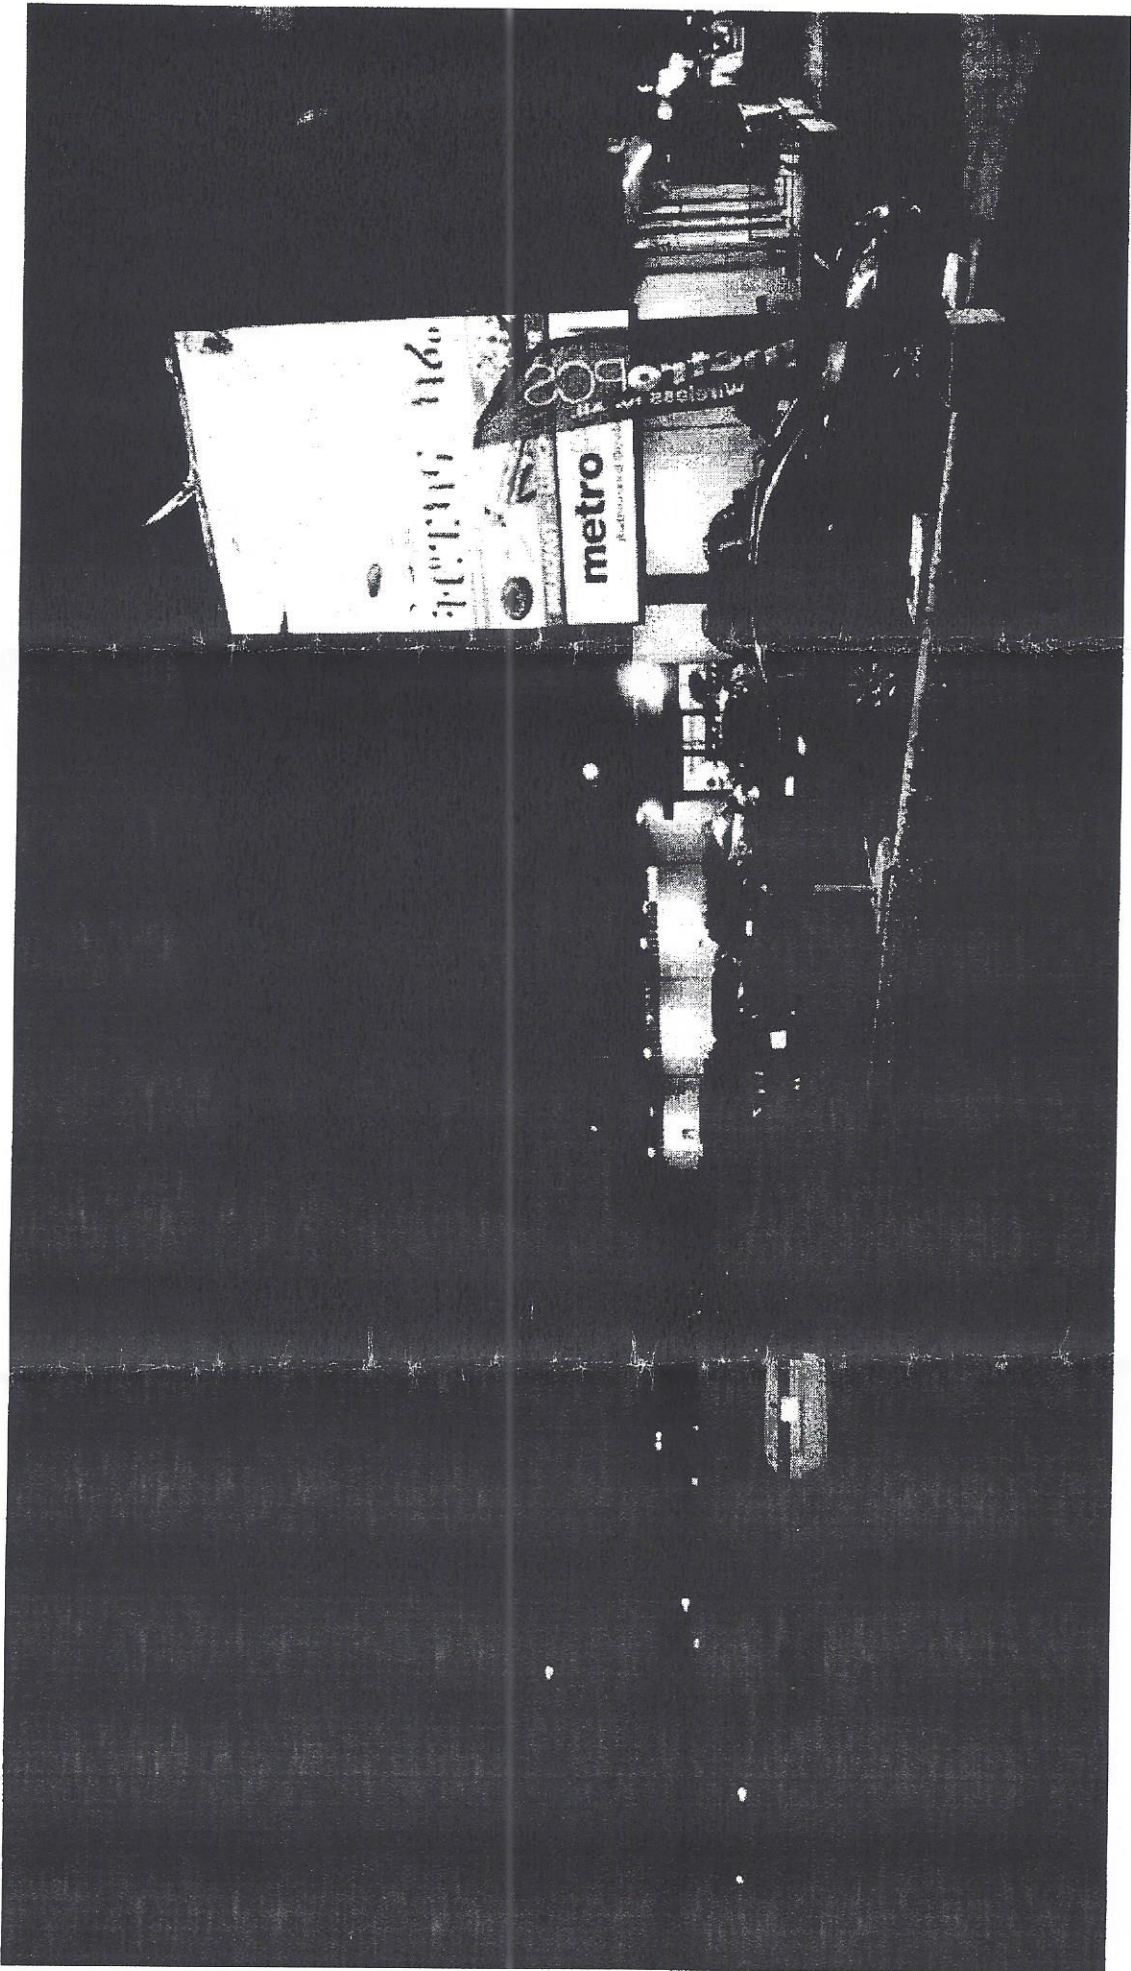

WE THE PEOPLE OF THE NEIGHBORHOOD, as indicated by name and address below, and signature, hereby request St. Paul City to prohibit any alcohol use on the premises by method of customers bringing their own alcohol (includes beer and wine) or deny any pending applications to sell alcohol on the premises now or in the future without due process to the homeowners.

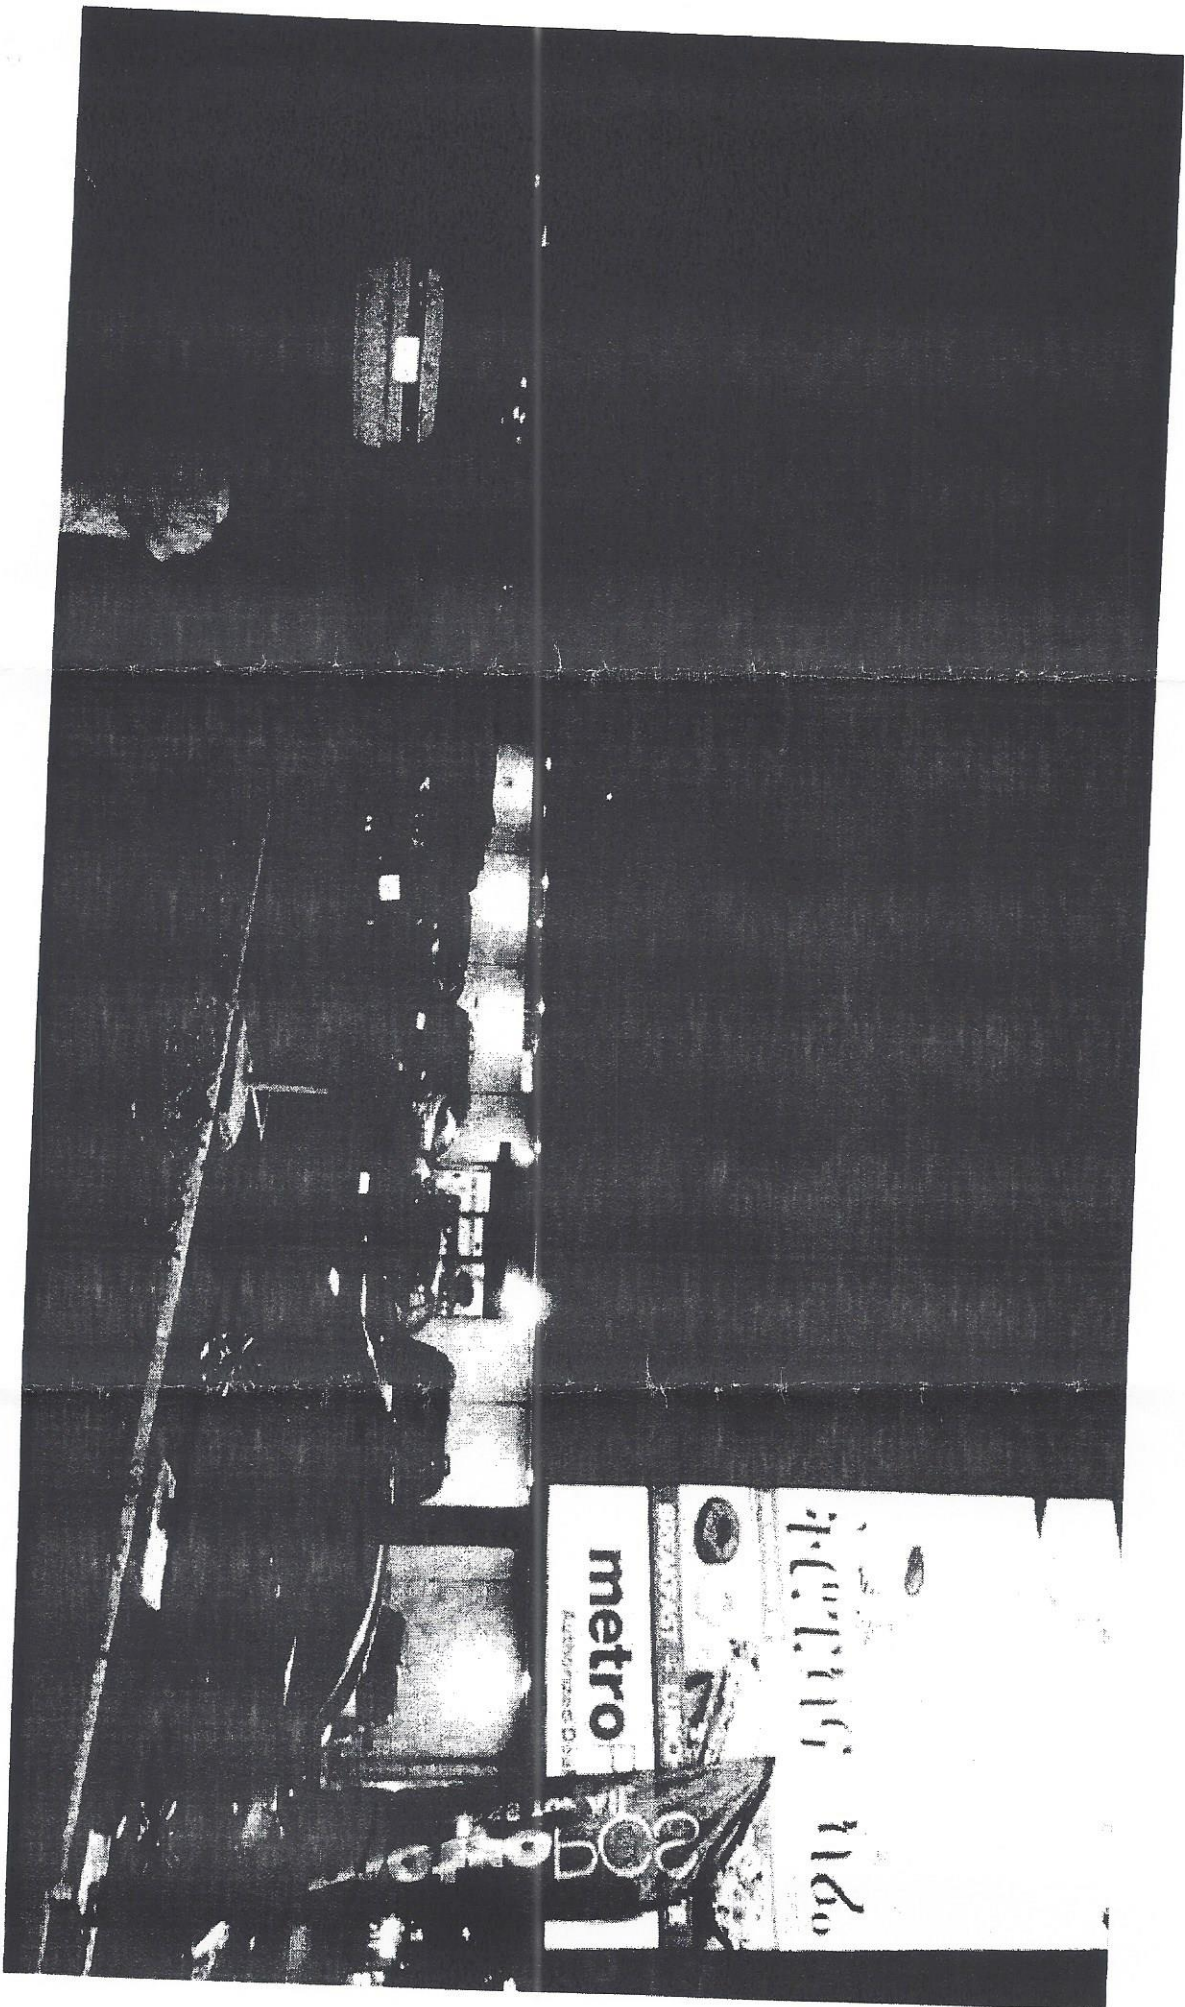

Deny any new restaurant license because coffee shop has already caused enough parking issues/violations and we believe a restaurant license is a pre-text to selling alcohol or the basis for the alcohol license.
