Address	In Date	ID #	Status	Type	Description
357 Como Ave - Ne Morton Shop Building	11/29/2017	17 217544	Under Review	SR - Site Plan Review - Parking Lot - Commercial	Applicant Raymond Dombrovsky Global Auto Sales - Conversion of existing building at 357 Como for use as auto repair/auto body shop and the expansion of vehicle sales display area for the current Second Hand Motor Vehicle Sales business operation, doing business as Global Auto Sales located on the same parcel and addressed at 365 Como Ave.
	10/19/2017	17 206726	Approved No Appeal	BZ - Board of Zoning Appeals Cases - Major Variance - Commercial	Applicant Raimund Dombrovski Global Auto USA - There are two buildings on this property: the building on the northwest end of the site (365 Como Ave.) is an office for the existing auto sales use and the building on the southeast end (357 Como Ave.) is currently used for storage and the applicants wants to add an auto body and repair shop to this building. Based on the proposed use, the zoning code requires a setback of 25' from a parkway right-of-way (Como Avenue is a designated parkway) and 19 off-street parking spaces for customers and employees. The applicant is requesting two zoning variances: 1) A setback of 4' from the parkway right-of-way (front property line) for a variance of 21' and 2) 12 spaces would be provided for customers and employees for a variance of 7 spaces.

09/21/2016	16 081508	Open	GT - General Activity 08/29/2016 Current licensee Tracking - Zoning Raimund Dombrovski (Global Auto USA operating at 365 Como Ave bldg.) requested preliminary review of proposed expansion of business into bldg. with address 357 for auto body repair, and expand parking lot along Como Ave for additional vehicle display spaces. Reviewed by Karen Zacho for required parking. See attached email from Karen Zacho. In addition to requirements mentioned in email, requirements including but not necessarily limited to the following would apply: full site plan review required (requiring professionally drawn plans and possibly survey of property), must provide proof of legal access to property (e.g., easement shared with adjoining property to use existing curb cut which appears to be entirely located on adjoining property or establish legal curb cut entirely located on this property), would need to pave this properties access drive lane located on adjoining property served by a stated common curb cut off Como Ave if this is proposed continued access point to property (NOTE:

			full site plan review and paving would be required even if just proposes to establish auto body repair in 357 building with no request to expand outdoor sales display area). Advised would require submission of lic. app. including need for public notification review in addition to site plan review. Recommend prepare professionally drawn plans then contact DSI to schedule meeting with applicable City staff. JWF
