

January 12, 2018

Council of The City of Saint Paul  
City Hall and Court House  
15 West Kellogg Boulevard  
St. Paul, MN 55102

RE File#: Ord 17-60, Version: 1

To whom it may concern:

I am writing in support of the update to The City of Saint Paul's Sustainable Building Policy ordinance. This policy addresses a need to provide support for a systems thinking approach to development projects through high performance building performance standards.

As a building science consultant I have collaborated with developers and builders on the testing verification and certification of buildings that meet and exceed the standards referenced in this policy and I can attest that benefits achieved lead to better buildings that are safe, durable, healthy, comfortable, efficient and that are better for the environment and the economy.

I encourage the Council of the City of Saint Paul to adopt this ordinance.

Sincerely,

Edward VonThoma
