To whom it may concern.

I have received a notification for an application for a business license in regard to the property next to mine.

I am objecting to the issuance of this license.

It is mostly due to additional cars traffic, an increase in people's traffic as well as crimes.

When the building next door to mine was only a car shop repairs, there were barely any place for its customers to park. They usually double park in the back alley, blocking traffic.

Adding a dealership with double the amount of traffic, noise, trash, and people around the area.

It will also attract crimes during off hours such as people breaking in to steal cars. This can seriously impact my property too.

These reasons will make the neighborhood even more unsafe than it is right now.

If you have any question or a need to reach me, feel free to contact me.

Sincerely,
