Dear Barb:

Enclosed please find our Sound Level Variance Application and a check for \$164.00.

As we've done for the past many years, we'd like to have a DJ play amplified music in the fully enclosed and heated tent in our parking lot on Thursday, March 17, 2016 from 3:00 p.m. to midnight for the St. Patrick's Day celebration. The DJ sets up his desk in the Northeast corner of the tent with the speakers facing directly into the middle of the tent. It hasn't been decided, at this point, if the tent will be 50' x 70' or 60' x 75' but I wanted to get the application in place early. We will also provide written notice to the residents of the Chestnut Arms apartment complex located on the corner of Smith and Chestnut regarding this request.

Please let me know if you need additional information and thank you for your assistance.

Sincerely,

Dianne Boemer

This is official notification that we are requesting a noise variance from the City of St. Paul for amplified music to be played in our tent on Thursday, March 17, 2016 from 3 pm to midnight for the St. Patrick's Day Celebration.

The tent is fully enclosed and heated and the direction of the amplified music will be toward the center of the tent.
