The Services rendered by Contractor will commence upon execution of the Agreement and with the specific prior agreement of the City or its designated representative to proceed. The Services will be provided in accordance with the written schedule mutually agreed upon with the City, but no later than the expiration date as provided in this Agreement. No claim for labor, services, or products provided by the Contractor not specifically provided for in this Agreement, will be honored by the City.

In the event that there are delays caused by actions of the City or which may be reasonably requested by the Contractor which might require change to the completion date, Contractor must request in writing an extension of time for completion of the Services. The Project Manager will review the request and, if an extension is required, grant to the Contractor such extensions of contract time as may be reasonable in the City’s discretion. A request shall not be deemed approved unless the Project Manager has provided approval to the Contractor in writing.

Section 2. Project Management.

The City requires the Contractor to assign specific individuals as principal project members and to assure that the major work and coordination will remain the responsibility of these individuals during the term of the Agreement. Removal of any principal project member without replacement by equally qualified individuals or without the prior written approval of the City is grounds for termination of the Agreement by the City.

The City has designated the individual on Page one (1) as the Project Manager for this Agreement, and the individual to whom all communications pertaining to the Agreement shall be addressed. The Project Manager has the authority to transmit instructions, receive information, and interpret and define the City’s policy and decisions pertinent to the work covered by this Agreement.

Section 3. Billings, Payment, and Invoices.

The amounts articulated herein will fully compensate Contractor for all work and associated costs. The City will honor no claim for services and/or costs provided by the Contractor not specifically provided for in this Agreement. Total costs for the Services must not exceed the amount referenced herein.

Contractor must submit an itemized invoice monthly or after Services are complete. Invoices should clearly itemize all goods and/or services provided. Upon receipt of the invoice and verification of the charges by the Project Manager, the City will make payment to Contractor within thirty-five (35) days in accordance with Minnesota Statutes Section 471.425 or future amendments. Contested invoices will not be paid until the billing issue is resolved, and City will have thirty-five days from that date to make payment.

Section 4. City Responsibilities.

The City agrees to provide Contractor with access to any information from City documents, staff, and other sources under the control of the City needed by Contractor to complete the Services.

Section 5. Amendment or Changes to Agreement.

Any alterations, amendments, deletions, or waivers of the provisions of this Agreement are valid only when reduced to writing and duly signed by the Parties.

Amendments, modifications or additional schedules may not be construed to adversely affect vested rights or causes of action which have accrued prior to the effective date of such amendment, modification, or supplement. The term “this Agreement” as used herein is deemed to include any future amendments, modifications, and additional schedules made in accordance herewith.

If tariffs imposed by a governmental authority change during the term of this Agreement and result in a direct cost impact exceeding five percent (5%) of the total contract price, either party may request a price adjustment. Any adjustment shall not exceed the lesser of (i) twenty percent (20%) of the original contract price or (ii) fifty percent (50%) of the net tariff-related cost increase.

The basis date for tariff evaluation is:

- For competitive procurements: five (5) days prior to the latest of bid, proposal, or best and final offer submission dates.
- For sole source or cooperative purchases: the later of the Contractor’s pricing submission or contract signature date.

Requests must be in writing and include:

1. A detailed cost breakdown showing the impact of the tariff on the product or component.
2. Official importer or customs documentation proving the tariff payment and date.
3. Evidence of direct tariff impact on items covered by this Agreement.

All requests are subject to the City’s sole discretion and must be approved in writing prior to any price change. The City reserves the right to request additional documentation and meetings with the Contractor regarding any tariff-related price increase, including meetings with the City Project Manager to review pricing impacts and to discuss and develop documented strategies to mitigate such increases. The Contractor shall provide documentation within thirty (30) calendar days of a City request. Retroactive adjustments for tariff changes prior to the basis date are not permitted.

Section 6. Notices.

Except as otherwise stated in this Agreement, any notice or demand to be given under this Agreement must be delivered in person, deposited in United States Certified Mail, or via electronic mail with Return Receipt Requested.
