Subject: 44 Bates Ave Assessment 158501

We have received an invoice for \$348 for mowing of the area between the street and the sidewalk at 44 Bates Ave. In May and June of 2013 we spoke to Marcia Moermond of the city and were told that it was agreed that the Public Works Department would add that area to the mowing list while we would still be responsible for snow and ice removal on the sidewalk. Under the circumstances, we don't understand why we should be receiving this invoice. Please cancel this assessment.

Thank you,
Greg Kramer
