Hi Marcia,

I measured and made an estimate of the property line between these two addresses - 128.46 feet from the Frank Street right-of-way - and determined the tree is over 90-95% on the property of 1105 Rose Ave E. (Picture attached) The tree originated on this property and grew large, encroaching onto 1107 Rose Ave E. Should be sole responsibility of 1105 Rose Ave E.

Let me know if you have questions, or need additional info.

All the Best,

Karl
