City, ST ZIP Code

Dear Saint Paul City Council:

I am writing today in response to the proposed project of 2024 Mill and Overlay – Fourth/Howard area Ph 1, the removal of the top layer of the street and replacing it with a new layer of payment.

**I am opposed to this project.** The condition of the streets in this area does not yet warrant repaving. I walk my dogs all around this area daily and I find the condition of the roads to be nearly 100% perfect. In my opinion, this would be a waste of OUR money considering the city is passing the cost along to us, the residents of the Fourth/Howard neighborhood.

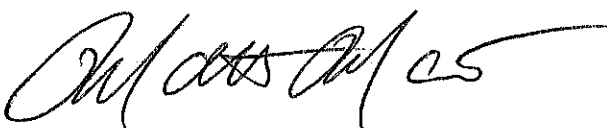

If the city of St. Paul insists on completing this work, the cost should come out of the city's budget. Residents of St. Paul already pay enough in taxes.

Furthermore, other streets need attention, like Ruth Street, from Minnehaha to Old Hudson Rd. That street has been deplorable for many years. While this project should be completed soon, it should have been done many years ago.

In conclusion, **I am against the proposed project of 2024 Mill and Overlay – Fourth/Howard area Ph 1, the removal of the top layer of the street and replacing it with a new layer of payment.** *If this project does move forward, we should be allowed to make payments without interest over a short period of time.*

Please contact me with any questions.

Sincerely,

Mathieu Morin 508-769-5446
