Subject: VB Assessment - 1618 Beech St

Hi Mai –

The vacant building fee for this property should not have gone to assessment as the file was closed on 8/7/17 (PO had filed an appeal). The folders were never closed; the inspector did not see the files were still open until now. The fee went to assessment and should not have been assessed. This was scheduled for LH on 11/7/17 and is on the CPH on 1/17/18. Would you like me to do a resolution to delete or can you do it? Let me know. Thanks!

Vicki
