Code Compliance Report

May 12, 2010

Rebecca Lynn Bertini
872 Duluth St
St Paul MN 55106-3418

Re: 872 Duluth St
File#: 09 303639 VB2

Dear Property Owner:

The following is the Code Compliance report you requested on May 03, 2010.

Please be advised that this report is accurate and correct as of the date May 12, 2010. All deficiencies identified by the City after this date must also be corrected and all codes and ordinances must be complied with. This report is valid for 365 days from May 12, 2010. This report may be used in lieu of a Truth in Housing Report required in St Paul Legislative Code 189. This building must be properly secured and the property maintained at all times.

In order to sell or reoccupy this property the following deficiencies must be corrected:

BUILDING **Inspector: Ken Eggers** **Phone: 651-266-9047**

- Insure basement cellar floor is even, cleanable and all holes are filled
- Permanently secure top and bottom of support posts in an approved manner
- Cover water meter pit with concrete or decay resistant, screw down cover
- Install handrails and guardrails at all stairways, including basement stairways, and return handrail ends to the wall or newel post per attachment.
- Strap or support top of stair stringers
- Install tempered or safety glass in window over stair landing to code
- Provide complete storms and screens, in good repair for all door and window openings
- Provide operable latching device for all windows
- Provide operable hardware at all doors and windows
- Provide thumb type deadbolts for all entry doors. Remove any surface bolts
- Repair or replace damaged doors and frames as necessary, including storm doors
- Weather seal exterior doors
- Install floor covering in bathroom and kitchen that is impervious to water
- Repair walls, ceiling and floors throughout, as necessary

BUILDING **Inspector: Ken Eggers** **Phone: 651-266-9047**

- Prepare and paint interior and exterior as necessary. Observe necessary abatement procedure if lead base paint is present (See St Paul Legislative Code, Chap. 34 for additional information).
- Any framing members that do not meet code (where wall and ceiling covering is removed, members that are over-spanned, not being carried properly, door and window openings that are not adequately supported, etc.) are to be reconstructed in an approved manner
- Re-level structure as much as is practical
- Provide fire block construction as necessary
- Where wall and ceiling covering is removed install full thickness or code-specified insulation
- Install attic insulation according to applicable code
- Air-seal and insulate attic access door in an approved manner
- Provide smoke detectors per the MN Building Code and carbon monoxide detectors per State Law.
- Habitable rooms with new usage and replaced windows shall have glass area equal to 8% of floor area, or a minimum of 8 sq. ft, one-half of which shall operate; and all bedroom windows shall meet emergency escape requirements (20 inch minimum opening width, 24 inch minimum opening height, and minimum net glazed area of 5.7 sq. ft.)
- Provide general clean-up of premise
- Install water-proof enclosure in shower area
- Provide weather sealed, air sealed and vermin sealed exterior
- Replace or repair landing and stairway per code
- Repair siding, soffit, fascia, trim, etc. as necessary
- Maintain 6 inches minimum clearance between wood and soil, sloped to drain away from foundation of dwelling.
- Maintain 6 inches minimum clearance between wood and soil, sloped to drain away from foundation of garage.
- Provide proper drainage around house to direct water away from foundation of house.
- Provide proper drainage around garage to direct water away from foundation of garage.
- Install downspouts and a complete gutter system.
- Install rain leaders to direct drainage away from foundation.
- Replace house and garage roof covering and vents to code.
- Install flashing in an approved manner at the intersection of the roof with walls, chimneys, and other conjoined surfaces.
- Provide general rehabilitation of garage.
- Install address numbers visible from street and alley.
- Close in open stair risers to maintain an opening no greater than 4 inches
- Install concrete floor in basement.
- Repair basement stairs, risers, new treads, level and stabilize.
- Shore up and install a retaining wall in basement at west end where a large amount of dirt is eroding away.

Re: 872 Duluth St
Page 3

BUILDING **Inspector: Ken Eggers** **Phone: 651-266-9047**

- Install footings under support posts in basement.
- Install support beam where large piece of existing beam has been removed.
- Repair floor in garage.
- Remove storage sheds at rear of property or fire rate north walls.
- Install new floor coverings at first and second floors.
- Install new doors and windows as necessary.

ZONING

1. This property is in a (n) I1 zoning district.
2. This property was inspected as a Single Family Dwelling.

Notes:

- See attachment for permit requirements and appeals procedure.

This is a registered vacant building. In order to sell or reoccupy this building, all deficiencies listed on this code compliance report must be corrected within six (6) months of the date of this report. One (1) six-month time extension may be requested by the owner and will be considered if it can be shown that the code compliance work is proceeding and is more than fifty (50) percent complete in accordance with Legislative Code Section 33.03(f).

You may file an appeal to this notice by contacting the City Clerk's Office at 651-266-8688. Any appeal must be made in writing within 10 days of this notice. (You must submit a copy of this notice when you appeal, and pay a filing fee.)

If you have any questions regarding this inspection report, please contact Ken Eggers between 7:30 - 9:00 AM at 651-266-8989 or leave a voice mail message.

Sincerely,

James L. Seeger
Code Compliance Officer
