thank you for the time this morning. It is my understanding that you will affirm the record with respect to Roger's attempted good faith compliance by applying for a building permit. Also that our office did not receive notice of the legislative hearing of July 16 and this morning we were able to clarify that issue. A new order will be issued for specific items and that the city will work with Roger for possible solutions such as a garage structure. As a result our office will not appear this afternoon and we look forward to working with you and City staff.
