Dear Marcia Moermond

When Lisa Martin came out to my home she was looking to expand on her already aggressive posture. She brought a male along who chose to treat my son as a dangerous threatening man with a pruner 10 feet away. He had it to accommodate any trimming that might be required. His reaction was to toss it behind him into the yard. Please advise me as to the name and title of this person. Now Lisa is demanding removal of all edging and still having issues with his car in storage and other things. I asked her as I did you at our meeting 3 September for access to the code so I could familiarize myself with this code and investigate how such rules came about and who sponsored them. I Cc'd Cheniqua because you said I could not seek her council or advice and wanted her aware that she was named by Anthony Munos as the instigator of this grief. I have not as yet received a copy of your proposed dates for the work you want done or specifications for what you require.
