Dear Council Members,

As residents and property owners in Saint Paul, we are writing to object to the proposed 2025 Mill and Overlay of the Hatch/Park Residential Area. While improving Hatch and Park would be beneficial, numerous roads throughout the city are in worse condition and are damaging vehicles. Most importantly, the estimated assessment would burden my family's finances.

As long-time residents, we would like you to carefully consider our property tax dollars to ensure they are allocated appropriately, prioritizing infrastructure and safety services over other projects to help prevent further costs to taxpayers.

Kind Regards,
Angela and Donald Tima
