FDID	State	Month	Day	Year	Station	Number	Exposure

Primary Narrative:

Squad 1 was dispatched as the Fire Investigation Unit to assist Saint Paul Police with reports of a possible break-in at a single family residence. Saint Paul Police were notified by the Department of Safety and Inspections that the address of concern has been on the vacant/condemned list for multiple months.

Neighbors have been reporting suspicious activity to include a couple and a young child that were supposedly living out of the basement of the building. Squad 1 arrived and were met by on-site police Officers stating that there appears to have been a previous fire in the basement and began investigations. A window was broken on side alpha (north side) of the residence and the door on bravo side (east side) appeared forced per police officers on site.

An extinguished fire was noticed in the basement. The fire was contained to the immediate area of origin on what appeared to be an ottoman with v-patterns noted on an adjoining wall. There was significant smoke staining located on all three floors and enough heat was generated to melt blinds and ceiling fan blades on the first floor.

However the structure appeared to be largely intact. The building appeared to be undergoing renovation with related construction materials found in multiple areas of the house. Several pipes appeared to have froze and burst causing significant water damage throughout the dwelling. A mattress was located in the basement near the area of origin, however no other significant signs of current occupancy existed.

Xcel gas was called and confirmed that the gas had been previously secured. Xcel electric secured utilities at the pole. A daughter confirmed she was en route to the location but was going to stop at Home Depot and purchase materials to secure the residence and refused fire personnel from contacting a board-up service. Saint Paul Police were called to provide security and Squad 1 and Car 7 returned to service, terminating command.
